

## *Parking Lot Reminders*

MMAEC Families,

We prioritize student safety at all times. The following parking lot reminders are below to ensure safe arrival and dismissal for all students.

- The handicap parking spots are reserved for those with handicap tags or plates. If you do not have one of these visible on your vehicle, you may be ticketed for illegal parking.
- No parking and standing should occur in the drop off lane at any time. DO NOT leave your car unattended in this lane.
- Students should exit the vehicle on the passenger side, in the lane closest to the curb for the safety of the child.
- At dismissal, please utilize marked parking spots to wait for your child. If no spots are available, cars may park on Bonneville Dr. or drive around the parking loop again.

Norton Shores Police are strong partners of MMAEC. Please know that they take illegal handicap parking very seriously and will ticket if the proper documentation isn't visible on your vehicle. We understand these spots are convenient for a quick drop off, but we have families who need access to these spots and have the proper documentation to utilize them.

Let's keep our students, families, and staff safe in our parking lot!

Thank you for your partnership,

Melissa Manning
