

Welcome to Muskegon Montessori Academy for Environmental Change!

We're so excited to welcome you and your family to our school community. At MMAEC, we believe in doing education differently. Rooted in the Montessori Method and guided by the principles of environmental stewardship, our mission is to empower each student with the skills, curiosity, and compassion needed to become lifelong learners and responsible citizens who nurture the world around them.

Our campus is more than just a school. It's a place where students move from desks to dirt, learning through hands-on experiences that bring lessons to life. Whether they're planting seeds in the garden or exploring sustainable solutions to real-world problems, MMAEC students are immersed in learning environments that nurture creativity, independence, and a deep connection to nature. We know that no two students are alike, which is why our approach embraces individuality and encourages self-directed learning.

Thank you for entrusting us with your child's education. We are proud to be a student-focused, values-driven community where teamwork, integrity, and sustainability are at the core of all we do. Together, with our dedicated staff, supportive families, and vibrant learners, we look forward to a year filled with growth, discovery, and meaningful change. Welcome to the MMAEC family!

In partnership with you,

Jeff Wilkie

Principal
