Welcome to Muskegon Montessori Academy for Environmental Change!

We're so excited to welcome you and your family to our school community. At MMAEC, we believe in doing education differently. Rooted in the Montessori Method and guided by the principles of environmental stewardship, our mission is to empower each student with the skills, curiosity, and compassion needed to become lifelong learners and responsible citizens who nurture the world around them.

Our campus is more than just a school. It's a place where students move from desks to dirt, learning through hands-on experiences that bring lessons to life. Whether they're planting seeds in the garden or exploring sustainable solutions to real-world problems, MMAEC students are immersed in learning environments that nurture creativity, independence, and a deep connection to nature. We know that no two students are alike, which is why our approach embraces individuality and encourages self-directed learning.

Thank you for entrusting us with your child's education. We are proud to be a student-focused, values-driven community where teamwork, integrity, and sustainability are at the core of all we do. Together, with our dedicated staff, supportive families, and vibrant learners, we look forward to a year filled with growth, discovery, and meaningful change. Welcome to the MMAEC family!

In partnership with you,

This calendar complies with Board Policy 8210 and MCL 388.1701, requiring 1,098 instructional hours over a minimum of 180 days.

1.2 School Hours

The regular daily school schedule **begins at 8:45 AM and ends at 3:30 PM**. Classrooms and playground are open at 8:35 AM for all students. Students arriving in the classroom after 8:45 AM will be considered tardy. Class activities begin promptly at 8:45 AM.

If your child is sick or will not be in school, please call 231-766-7500 to report your child's absence. ***If you know the evening prior or prior to our office hours in the morning, please leave a message with the child's name, grade and reason for absence.***

1.3 Attendance and Truancy Policy

Regular school attendance is essential to academic success. In accordance with Board Policy 5200 and state law, all students are expected to attend school each scheduled day and arrive on time. Absences should be reported to the school office by 9:00 am on the day of the absence. Excused absences include personal illness, medical appointments, religious observances, family emergencies, mandated court

appearances, and other situations approved by the school administrator. Documentation may be required for certain excused absences.

To address unexcused absences, the school follows a tiered intervention system. At **5** unexcused absences, the school will notify the parent/guardian and may request a meeting. At **10** unexcused absences, a required meeting with school leadership will be scheduled to discuss attendance concerns and support. At 15 unexcused absences, the school may refer the student to the local truancy officer, Muskegon Intermediate School District (MAISD) attendance department, or county court system. If a student accumulates 10 consecutive unexcused absences without contact from a parent or guardian, the school may initiate withdrawal procedures and report the student as truant to the ISD.

A student may also be identified as chronically absent if they miss more than 10% of enrolled school days, regardless of whether the absences are excused or unexcused. This includes frequent tardiness or early check-outs that result in lost instructional time. In such cases, the school may initiate a formal attendance improvement plan and may consult with the student's academic support team.

If a student's absences are due to a medical, mental health, or physical condition, the school will review whether the student may qualify for protections under Section 504 of the Rehabilitation Act or the Individuals with Disabilities Education Act (IDEA). The school is committed to working with families to ensure all students have equitable access to learning.

All attendance interventions, parent meetings, referrals, and communications will be documented by the school and reported as required by law. Your partnership in supporting consistent, on-time attendance is critical to your child's success

1.4 Make up Work for Absence from School

Students are responsible for getting and completing any work they have missed due to absence from class. Time given for completion of make up work is (1) day for every day absent. In cases of extended absence of more than five days due to illness, a student may request special consideration for additional time to make up work. Parents/guardians may request this in writing.

1.5 School Cancellation and Communication Channels

Notice of school cancellation is given by announcements on several radio stations and local tv (Wood TV 8 and WZZM 13) by phone through our automated School

Messenger service. The school website and front office will also provide important updates. Families are responsible for keeping contact information up to date at all times.

1.6 School Newsletter

The Academy will periodically distribute a newsletter or bulletin. The newsletter contains information about school activities and programs as well as an updated calendar for the month. For the good of the environment, we will send newsletters through email unless a paper copy is specifically requested.

1.7 Student Privacy and Media Consent

The school is committed to protecting the privacy and safety of all students in accordance with the Family Educational Rights and Privacy Act (FERPA) and internal policy. To honor this commitment, staff and volunteers will not photograph, video record, or audio record students whose parents or guardians have submitted written notice opting out of media permissions.

Upon enrollment, families are asked to complete a media consent form indicating their preferences regarding photography, video, and audio recordings of their student. These images or recordings may be used in newsletters, social media, classroom apps, marketing materials, or news stories that promote the school's mission and culture. If a parent or guardian chooses to opt out, the school will make every effort to exclude the student from any public-facing content.

Classroom- or teacher-directed use of digital platforms (such as communication apps or learning portfolios) that include student photos or videos will not occur if parent or guardian chooses to opt out. This includes apps like ClassDojo, Seesaw, or Google Classroom. Staff will not privately share media content that features students and will only post content through approved school communication channels.

Parents and guardians may update their media consent preferences at any time by contacting the school office in writing. The school will honor all opt-out requests promptly and respectfully.

1.8 Verbal and Written Communication Policy

To promote effective, respectful, and timely communication among families, staff, and school leadership, all concerns or questions should be routed to the appropriate person as soon as possible. Prompt, direct communication fosters collaborative

problem-solving, helps avoid misunderstandings, and ensures that each concern is addressed at the right level.

All communications should reflect our shared commitment to respectful dialogue and mutual problem-solving. For urgent concerns that impact a child's immediate health or safety, please call the school office directly.

The Academy is committed to effective communication with all families. If a parent or guardian has limited English proficiency or requires information in a different language or format, please notify the school office. We will provide translated materials or interpretation services for important school communications and meetings, in accordance with federal and state laws.

1.9 Channels of Communication

1.10 Communication Chain of Command

If a concern is not resolved at the initial level, the following communication chain should be followed in order to ensure the issue is addressed appropriately:

- Classroom Teacher
- Student Advocate and/or Assistant School Leader *(if applicable)*
- School Leader
- Superintendent
- Chief of Staff
- Chief Executive Officer
- Academy Board of Directors – *For concerns that remain unresolved after all prior steps have been followed or that relate directly to board governance.*

Please note: Unless a matter involves an immediate safety concern, legal issue, or regulatory violation, each step should be followed in sequence. Skipping steps may delay resolution or prevent the appropriate context from being considered.

Parents and guardians are always welcome to address the Academy Board of Directors during the public comment portion of their monthly board meetings. While the Board does not respond to public comment during the meeting, all remarks are documented and taken into consideration.

1.11 Communication Expectations

Teachers and administrators strive to maintain strong, respectful communication with families. To support this, the following expectations apply:

- **Response Time:** Staff will respond to emails and voicemails within one school day, excluding weekends, holidays, and scheduled breaks.
- **Urgent Messages:** Urgent changes (such as end-of-day transportation) must be communicated by phone to the school office. Staff may not see emails or other messages during instructional hours.
- **Personal Contact:** Calling or texting a staff member's personal phone is discouraged, unless previously agreed upon and contextually appropriate (e.g., field trip emergency). Respecting personal boundaries helps staff maintain focus and balance.
- **Tone and Purpose:** All communication should be courteous, student-centered, and focused on partnership. Constructive, solutions-oriented dialogue is essential to supporting students' growth and wellbeing.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

2.7 Governance and Accountability

In alignment with Board Policy 2700, the Academy publishes an annual P.A. 25 Report containing student achievement data, teacher qualifications, and school improvement status. It is available online and upon request.

2.8 Student Rights and Responsibilities

The Academy believes that student growth is best supported in a school environment rooted in safety, dignity, and mutual respect. We are committed to fostering a culture where every student, regardless of age, is valued, guided, and held to high expectations. Students are entitled to protections and privileges guaranteed by state and federal law. With those rights come important responsibilities to their school community.

The following rights and responsibilities form the foundation for how we learn, grow, and relate to one another:

The Right to Civil Dignity

All students have the right to be treated with kindness and respect and to learn in an environment free from bullying, harassment, and discrimination. With this right comes the responsibility to treat others with dignity and to avoid behavior that harms or excludes.

The Right to Education

Students have the right to attend a tuition-free public school and access a

high-quality academic program. They are responsible for attending regularly, engaging fully, and following rules that support a productive learning environment.

The Right to Due Process

Students have the right to fair and respectful discipline, including the right to be heard and to appeal major decisions. They are expected to cooperate with school processes that promote learning and well-being.

The Right to Expression

Students may respectfully express ideas and beliefs, provided their expression does not disrupt learning, compromise safety, or violate community standards for respectful communication.

The Right to Privacy

Students have the right to reasonable privacy in personal matters and educational records. This right is balanced with the school's obligation to ensure safety and comply with the law.

The Right to Support and Belonging

Especially for our younger learners, students have the right to be nurtured, guided, and encouraged by trusted adults. They are responsible for doing their best, following directions, and helping their peers feel safe and included.

Expectations for student behavior, academic integrity, and community responsibility are further detailed in the school's Code of Student Conduct. This document is shared annually and is available at the end of this handbook. Parents and guardians are asked to review it with their children and return a signed acknowledgment form confirming their understanding.

3. Educational Program and Academic Policies

3.1 Educational Philosophy

Our programs are based on the philosophies of Dr. Maria Montessori (1870-1952), world famous educator, physician, and scientist who developed a method of education through research and experiences in Italy at the turn of the 20th century. Many of the reforms, now taken for granted or newly adopted in the public schools in the United States, have been in place for almost 100 years in Montessori schools around the world.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Montessori discovered that individual children would progress at their own pace if placed in an enriched environment that nurtured human development. The school environment is thoughtfully created by the teachers in order to allow the child to follow his/her interests and to develop skills and concepts using concrete, manipulative materials created by Dr. Montessori. As the child masters the skills and concepts, the materials become more abstract.

Teachers give lessons on all the exercises available and carefully sequence the presentations so that every experience builds on the foundation of the previous one. All lessons are given with learning materials suited to the child's interest and developmental levels. Teachers are facilitators, planners, learners, counselors, and friends.

Montessori classrooms generally have three-year age spans. For example, three to six years (primary) and six to nine years (early elementary). This allows the younger child to learn from the older child. Each student benefits from the example of the older students and he/she will one day be the "teacher", setting examples for others to follow. A lesson is perfected when a student is able to give that lesson to another.

Mixed age groupings encourage a sense of family and community. A bond between the children develops naturally through grace and courtesy, and can be seen in mutual caring and respect.

Children are gifted with special powers of learning. They are like sponges absorbing the world around them in a way quite different from adults. This power to absorb knowledge gives children the energy to teach themselves. Education then is a process, which naturally develops in the human being, not something the teacher does!

Children are gifted by nature to exercise the skills they see practiced around them. The Academy intends to foster and follow this great gift of childhood.

"In the special environment prepared for them in our schools, the children themselves found a sentence that expressed the inner need: "Help me to do it myself!"

~Maria Montessori

The goal of the Academy is to introduce children to experiences which:

- Provide a warm and loving environment in which each child feels secure, respected, and loved
- Support and encourage the growth and development of the whole child

3.2 Curriculum Overview

3.2.1 Preschool

Children four years of age enjoy exploring in a beautifully prepared environment scaled to their size. There are exercises of practical life, sensorial, language, math, and cultural studies (geography, science, music, and art). Children are shown precisely how to handle and use the Montessori materials. The self-correcting quality of the work enables each child to gain greater confidence and perfection through his choice and repetition. Children gain a sense of independence as they take an active role in the classroom environment. For a child to enroll in our preschool class, he/she MUST be completely toilet trained, no exceptions.

3.2.2 Kindergarten

The kindergarten environment is designed to provide the children an opportunity to build upon the skills they have attained in the preschool classroom. As an individualized program, the children are given daily lessons in the language and

math areas with the freedom to choose activities in geography, history, science (botany, zoology), sensorial, and practical life areas. Each area of the classroom is interconnected and provides several opportunities for the children to observe and explore the world around them. It is through the continued use of the Montessori apparatus that the children refine and master skills essential for a lifetime of learning. The kindergarten curriculum inspires children to develop inner discipline, self-assurance, and a love of learning.

3.2.3 Lower Elementary

Freedom of movement, open work areas, and uninterrupted blocks of time for individual and group projects help to support the five to nine-year-old student's drive toward autonomy. Students are guided through a rich and challenging curriculum as they continue to work both individually and in small groups. The program permits a variety of approaches using colorful manipulatives that make sense of abstract principles. The subject matter includes math, reading, grammar, sentence analysis, penmanship, spelling, creative writing, geography, history, general science, botany, zoology, and art.

3.2.4 Upper Elementary

The upper elementary curriculum is built upon the foundation laid in the primary and lower elementary classrooms. New materials are introduced as the child moves from concrete to abstract thinking. The curriculum is integrated, individualized, academically challenging, and meets the developmental needs of each child, intellectually, socially, physically, and emotionally. The students experience individual, small, and large group lessons, and projects. Subject areas include Language Arts (penmanship, spelling, grammar, reading, study of words, creative writing, sentence analysis, and diagramming of sentences), Math (arithmetic, geometry, and algebra), Geography (physical, political, and economical), History & Science (botany, human anatomy, zoology, astronomy, chemistry, and physics) and Practical Life (cooking, sewing, cleaning, and community service). Children build timelines, record science experiments, research and present written reports and projects, and learn computer skills. Field trips that relate to areas of study are scheduled to enhance the child's learning experience. Organizational skills and independence are developed through the use of classroom work plans, homework planners, and weekly schedules. Class meetings encourage cooperative efforts as questions of right and wrong lead to discussions on fairness, rules, and procedures. Also, literature circles serve as a venue for discussions about character development, responsibility, and accountability in our personal lives.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

3.2.5 Middle School

The middle school curriculum is built upon the Montessori foundation laid in the prior levels and takes the ideals of movement, choice, intrinsic motivation, and collaborative group learning to the next level for secondary abstract learners. The curriculum is integrated, individualized, academically challenging, and meets the developmental needs of each child, intellectually, socially, physically, and emotionally.

Subject areas include Language Arts (grammar, reading, study of words, creative and expository writing, grammar, vocabulary, and etymology), Math (arithmetic, geometry, and algebra), Geography (physical, political, and economical), Social (world and history), Natural World (life science, physical science, earth science, and chemistry) and Practical Life (economics and business, sewing, health and nutrition, and community service). Students build timelines, experience hands-on learning, research and present written reports and projects weekly, and enhance technology and social skills. Related immersion activities and trips complement the curriculum.

Additionally, to support adolescents in their personal world during this time of change, students work and reflect daily to develop and define their identity. Organizational skills, personal accountability, and independence are developed through the use of daily, weekly, and cycle-long management and communication tools. Daily morning meetings encourage citizenship, a necessary sense of fun, grace, courtesy, as well as, providing the integral social needs of the adolescent learner.

Montessori reminds us of these important tendencies at the elementary age:

- The child's mind moves from the concrete to abstract reasoning.
- The child develops a moral sense.
- Children are fascinated with the grandeur of the world at large.
They have a continual drive to explore our natural and social environment.

3.3 Multi-age Grouping

A Montessori classroom is a mixed age group of students who stay with the same teacher for several years. They become a unique "family" of learners. Every child is given opportunities to find success in his or her own personal development. This grouping leads to peer tutoring and cooperative learning.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Some of the benefits include:

- Continuous learning
- Respect for the individual child
- Family unit
- Cooperative social interaction
- Cross age learning
- Mentoring/leadership
- Several years with the same teacher

Montessori students are unusually adaptable. Since they have learned to make decisions from an early age, they are usually problem solvers who can manage time well and make appropriate choices. They have been encouraged to exchange ideas. Their good communications skills ease the way in new settings.

3.4 Before and After School Care

Admission Criteria: Only students enrolled in the Academy are eligible for the Academy's Before and After School Child Care Program. Interested parents should contact the front office staff that will inform you of the necessary documents for enrollment.

- Doors open at 7:30 AM. We are not prepared to accept students prior to that time.
- Hours are from 7:30 AM until the start of class time and from 3:30 PM until 5:30 PM.
 - Any child(ren) not picked up by 5:30 PM, will be assessed a charge of \$1.00 per minute per child. Authorities may be called at 6:00 PM if staff hasn't been notified of a later pick-up and contacts can't be reached.

Fees and Billing:

- Before and After Care will be billed by the quarter hour.
- A one-hour minimum charge is required.

- A \$25.00 fee will be charged to your account for checks returned by your bank for any reason. A second occurrence will mandate that all future payments be paid by money order only for the remainder of the year.

Academy withdrawal of Student from the Before and After School Program:

The Academy reserves the right to exercise immediate withdrawal of any student or individual if it is deemed that such person(s) fails to abide by the rules established for the program. A student may be withdrawn from the program if fees are not paid. Written notice will be sent to the parent/guardian explaining reasons for withdrawal.

3.5 Field Trips

The Academy supports field trips as meaningful extensions of classroom learning, aligned to curriculum and approved in advance by school leadership. In accordance with Board Policy 2340, any trip that involves overnight travel, goes out of state, or exceeds 100 miles requires prior approval from the Academy Board of Directors. All other trips must be approved by the Educational Service Provider.

Written parental or legal guardian permission is required for all students attending a field trip. Parents may sign a blanket permission form for local (walking-distance) trips. A separate permission form will be sent home and required for each trip involving travel. Teachers will clearly communicate the purpose of the trip, along with key details such as destination, lunch arrangements, spending money, departure and arrival times, any special rules, and other relevant information.

Emergency Medical Authorization forms must be on file and will be carried by staff on all trips. The minimum guideline for supervision is one adult chaperone per ten students, with adjustments based on age, activity, or the nature of the trip. Chaperones must meet the school's volunteer requirements.

Students are expected to follow all school rules and the Code of Student Conduct while on field trips. Students who have demonstrated and documented behavior that is unsafe, inappropriate, aggressive, harassing, or intimidating at any time during the school year may be excluded from participation, including overnight trips, at the discretion of the School Leader in consultation with the teacher(s) conducting the trip.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Students will not be denied participation due to financial hardship. Families unable to cover trip costs should contact the School Leader. Parents are responsible for any costs incurred for their child's participation unless other arrangements have been made.

If a student is not attending a field trip, the student is expected to attend school and will be provided with alternative learning opportunities during the school day.

3.6 Report Cards / Progress Reports / Conferences

For students to be prepared and ready for instructional activities, students will be expected to be at school on time, to have completed homework assignments, and to have proper instructional materials with them. Teachers will provide parents with a list of supplies needed for each class.

3.6.1 Report Cards

Twice a year, families must meet with the child's teacher to receive a progress report on the child's academic, behavioral, and citizenship progress. Families are encouraged to discuss the information on the report card with their child and to encourage excellence in achievement and behavior. The purpose of report cards is to communicate to grown-ups and students the child's progress on the knowledge and skills the student is working on in class and to provide insight into the child's behavior.

3.6.2 Progress Reports

Academic reports for all students are distributed in November, March, and June.

3.6.3 Parent Teacher Conferences

Every elementary learning environment educator will arrange at least one planned conference with each child's parent(s)/guardian per year. It is understood that educators shall, if necessary, arrange additional conferences with parents. Conferences with educators must be scheduled during non-instructional time.

3.7 Retention (including K-12 Literacy and Dyslexia Law)

At our school, students in Kindergarten through 3rd grade take state-approved reading assessments three times a year to track their literacy growth. These assessments help

[RETURN TO TABLE OF CONTENTS](#)

us identify students who may need additional support. If your child is not meeting grade-level expectations, you will be notified in writing. When a reading concern is identified, your child will receive an Individual Reading Improvement Plan (IRIP). This personalized plan outlines the specific support your child will receive during the school day and includes activities and strategies you can use at home. You will be involved in developing the IRIP and kept informed of your child's progress through regular updates. Reading support is tailored to your child's needs and may include small group or one-on-one instruction using proven, evidence-based methods. We value partnership with families and encourage open communication. You are welcome to request a meeting at any time to discuss your child's reading progress or the interventions in place.

Starting in the 2027–2028 school year, all Michigan schools will screen students in Kindergarten through 3rd grade for signs of dyslexia. If characteristics of dyslexia are identified, your child will receive reading intervention that is explicit, systematic, multisensory, and aligned with the science of reading. For students in grades 4 through 12, screening will occur when there is evidence of characteristics of dyslexia or a dyslexia diagnosis. If screening confirms characteristics of dyslexia, students will receive targeted intervention using structured literacy approaches. Instruction will be adapted to meet each student's needs to ensure reading success.

Families play a vital role in supporting literacy development. If your child has been evaluated for dyslexia or a learning disability outside of school, please share that information with us. That information can help guide how we support your child. Additionally, students who qualify may receive services under federal special education law, including the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act.

3.7.1 Other Types of Retention

Retention may also be suggested if your student: 1.) Has excessive absences and tardies that are having a negative impact in the student's academic progress; 2.) Is not making necessary academic gains as defined by the school staff. If a teacher suggests retention, summer school will be mandatory. Summer school will stress academic content (Math/ELA). In recommending retention, the student's well being, emotional maturity, social skills and other factors will all be considered. The school will notify parents, as early in the school year as possible, that retention is a possibility in order to develop an intervention plan.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

3.8 Homework

Our school does not assign traditional homework. However, students are expected to use their class time productively. Any work that is not completed during the school day or by the end of the week may be sent home to finish. This allows students to stay on track with their learning while also maintaining a healthy balance between school and home life.

3.9 Student Portfolios

While we do not create portfolios of work, Montessori emphasizes ongoing observation and monitors student growth throughout the year.

3.10 Testing and Assessment

The Academy administers state-mandated assessments at grades 3rd-8th. The Academy also administers a computer-based adaptive assessment in math and reading three times a year in grades K-8, as a requirement of our authorizer and charter contract. This enables us to more effectively and accurately monitor the growth and identify the needs of our students. The results of the state assessment test, and the computer-based test, are used to guide instruction, target individual student needs, and assist in the improvement of curriculum and instruction. Parents and guardians will be sent individual scores of their children when they are available. Test scores will be included in the child's cumulative folder.

3.11 Social Emotional Learning Program

Our school is committed to fostering the social and emotional well-being of all students. We believe that developing strong social and emotional skills is crucial for academic success, healthy relationships, and overall well-being. Our comprehensive SEL curriculum focuses on building self-awareness, self-management, social awareness, relationship skills, and responsible decision-making. We integrate SEL into our daily learning environment through dedicated lessons, activities, and by incorporating SEL concepts into various subjects. We believe that a positive and supportive learning environment is essential for students to thrive, and we encourage open communication and collaboration between students, teachers, and families to ensure that all students have the tools and support they need to succeed.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

3.12 Character Choices Program

We believe strong character is essential to student success. Our Character Choices program focuses on nine core traits: Respect, Responsibility, Cooperation, Compassion, Good Judgment, Integrity, Perseverance, Courage, and Citizenship.

These traits are modeled, taught, and reinforced throughout the school day and embedded in classroom routines, academic instruction, and school culture. Families are encouraged to support these values at home to strengthen consistency and impact.

Whether through direct lessons, restorative practices, or daily interactions, Character Choices helps students grow into thoughtful, responsible individuals, prepared for school, life, and leadership.

4. Student Support Services

4.1 Special Education and 504 Plans

The Academy to provide appropriate educational programs for children who are identified with disabilities and who have an approved Individual Educational Plan (IEP). The Academy embraces the instructional practice known as inclusion. When the IEP calls for pullout services, the student will be permitted to leave the classroom to work with a properly trained professional special educator. The goal of special education programming is to provide students with an educational program that best meets their individual needs in the least restrictive environment. This means that, to the maximum extent appropriate, students will be provided programs and/or within the regular education classroom with the necessary support.

The Academy enjoys an excellent working relationship with the local intermediate school district, Muskegon Area ISD (MAISD). MAISD provides a parent resource center which provides parents with comprehensive resources on rights of the disabled, responsibilities of the school, support systems for parents and children, and educational programs available.

If you have concerns about your child's progress, arrange to speak with your child's teacher. For further information on all special education services and programming, contact the school leader.

4.2 Child Find / Academic Interventions

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

The objective of the Academy is to ensure that the child receives the instruction, support, and services needed to succeed in school. It is the Academy's intention to:

- Engage first in preventative and targeted instruction and intervention
- Design and conduct comprehensive evaluations that identify each student's individual learning needs, ensure proper implementation of Child Find, and determine the most appropriate instructional programs and accommodations based on the student's performance, educational opportunities, and response to high-quality instruction over time.
- Select every component of the evaluation based on its relevance for creating the student's instructional program.

Consistent with the mandates in IDEA 2004, a comprehensive evaluation includes:

- A variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child (Sec. 300.304(b)(1))
- An observation of the student in the learning environment, including the regular classroom setting (Sec. 300.305(a)(1))
- Determination that underperformance is not primarily the result of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency (Sec. 300.309(a)(3)(i-vi))
- Determination that underperformance is not primarily the result of a lack of instruction, i.e., student performance data indicating that the student (a) was provided appropriate instruction in regular education settings delivered by qualified personnel (Sec. 300.309(b)(1)), and (b) received repeated assessments of achievement at reasonable intervals (Sec. 300.309(b)(2)), to ensure that underachievement is not due to lack of appropriate instruction. Additionally, consideration should be given to whether the student's attendance has significantly limited their access to instruction, as chronic absenteeism is strongly correlated with reduced academic achievement.

Also consistent with IDEA 2004, the Academy believes that:

- The determination of a specific learning disability must be made by the child's parents and a team of qualified professionals (Sec. 300.308)
- Parents must be provided with the results of repeated assessments of achievement (Sec. 300.309(b)(2))
- For students participating in a Multi-Tiered Systems of Support (MTSS) program, parents must be notified about their state's policies about the collection of

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

student performance data, strategies for increasing the child's rate of learning, and their right to request an evaluation (Sec. 300.311(a)(7)(ii))

- The MTSS process must not be used to delay or deny an evaluation but should offer data, both academic and behavioral, to help problem solve and analyze issues regarding learning and help inform the development of effective instructional plans for students found to have a Specific Learning Disability (SLD)
- Evidence of a pattern of strengths and weaknesses in performance, achievement or both should be included, and must be designed to help guide the development of the child's instructional program.

MTSS records can indicate whether or not the child (a) achieves adequately for age or grade level when provided with appropriate instruction, and (b) makes sufficient progress to meet age or grade level standards based on the child's response to scientific, research-based intervention. Evidence that the student is improving when provided with general education interventions indicates that the student is not in need of special education services, a requirement for placement in special education.

4.3 English Language Learner (ELL) Services

The school is committed to supporting English Learners (ELs) as they develop proficiency in English while accessing grade-level academic content. In accordance with federal Title III guidelines and the Michigan Department of Education's English Learner policies, the following procedures and supports are in place:

All students enrolling in the school complete a Home Language Survey (HLS) as required by the State of Michigan. If a language other than English is indicated, students are screened for English language proficiency using the WIDA Screener (Grades 1–12) or WIDA MODEL for Kindergarten.

Students identified as English Learners receive instructional support based on their English Language Proficiency (ELP) level. Services may include:

- Designated English Language Development (ELD) instruction
- Push-in or pull-out support from an ELL specialist or trained staff
- Use of appropriate language accommodations and instructional technologies
- Ongoing collaboration between general education and ELL staff

The amount and type of support is determined by each student's ELP level, academic needs, and classroom context.

The school reviews ELL program implementation annually and ensures compliance with Civil Rights obligations, Title I and Title III funding requirements, and MDE guidelines.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

4.4 McKinney-Vento Homeless Education Assistance

The Academy is committed to supporting all students, including those experiencing homelessness. In accordance with the McKinney-Vento Homeless Assistance Act, students who lack a fixed, regular, and adequate nighttime residence have the right to:

- Immediate enrollment, even if records are unavailable at the time of registration.
- Attend their school of origin or the school nearest to their temporary home.
- Receive support services, including access to free school meals and school supplies.
- Full participation in all school programs and activities.

If your family is experiencing housing instability, please contact the school's Homeless Liaison Jeff Wilkie for support and assistance. All information shared will remain confidential.

5. Dress Code and Appearance

5.1 General Dress Code Guidelines

MMAEC is proud of our students and they are judged by their demeanor, behavior and achievements. Our students are aware they represent not only themselves, but their families, school and community. To this end, MMAEC maintains high standards of student dress and decorum to provide a safe, orderly, and productive learning environment, as well as preparing our students for success beyond our doors.

A student shall dress in a manner that meets our expectations to provide a safe, orderly, and productive learning environment. The following guidelines should be considered when determining appropriate attire:

All students are expected to wear the approved uniform shirt and pants. Students may be asked to wear special clothing for unique outdoor activities as well as for special curricular activities. All clothing must be free of writing (one exception, college/university clothing is allowed), adornments and rips/tears/holes.

Appropriate School Uniform

- Bare midriff and undergarments should not be visible
- Clothing with inappropriate or offensive logos/sayings (alcohol, drug, cigarettes, sexual in nature or other examples deemed inappropriate by administration)

Consequences: failure to abide by the Dress Code may result in administrative intervention up to student conference, parent meeting and/or suspension.

5.2 Spirit Day / Jean Day Policies

Our school values community and school pride, and Spirit Days are a fun way for students and staff to celebrate together. On designated Spirit Days, students are encouraged to dress according to the theme announced (for example: school colors, favorite team, pajama day, etc.).

5.3 Personal Property

The Academy will work with parents to protect personal property. Reasonable guidelines will contribute to our success.

School Materials: Students are responsible for taking care of school-owned materials and are expected to pay replacement or damage costs if applicable.

Clothing: The Academy recognizes that all clothing is very expensive and must be cared for. Proper care includes labeling articles that the child will most likely

remove upon arrival at school. ***Items such as coats/jackets, hats, gloves, and boots should be labeled.*** The Academy does not assume responsibility for lost articles of clothing.

Money: Parents are encouraged to be sure the child has properly secured any money brought to school. If a large sum of money is required, parents are encouraged to see the teacher before or after school and make a payment or the teacher will collect money upon the child's arrival at school. Parents are encouraged to place money sent to school in an envelope with a note stating the reason the money is being sent. The child's name and teacher's name should be clearly written on the outside of the envelope. Parents are encouraged not to allow children to bring large amounts of money to school.

Electronic Equipment: Cellular phones, or other personal electronic devices, not school related, shall not be turned on at any time during school hours. If these devices are found to be powered on or in view, they will be confiscated until the end of the day. A second offense will necessitate a parent meeting to retrieve the device. Further offenses will be considered a violation of the Code of Conduct and subject to disciplinary action.

6. Health and Safety

The health and wellness of our students is a top priority. Families are expected to partner with the school to ensure a healthy and safe environment for all students.

6.1 Illness and Injury Guidelines

Students who are ill must remain at home until they are symptom-free for 24 hours without the use of medication. This includes fever, vomiting, diarrhea, or any contagious condition. Parents and guardians should notify the school office when a student is absent due to illness. The school may require a doctor's note for return in cases of communicable diseases.

The school does not have facilities to care for the children when they are sick. If your child becomes ill while at school, you will be notified using the information you provided on your Child Information Card. Please have a plan so that you, or your emergency person, will be able to pick your child up promptly if necessary. Children should not attend school when the following conditions are present:

- Temperature above 100 degrees.
- Unusual drowsiness, excessive sleep or the child appears ill.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Vomiting two or more times in a 24-hour period.
- Three or more loose or watery bowel movements in a 24-hour period.
- Body rash with fever.
- Severe cough or difficulty breathing.
- Red swollen eyes or pus draining from eyes.
- Open areas on the skin
- Ringworm, lice, or pinworm.
- Any other confirmed communicable illnesses

6.2 Medications at School

Medications will only be administered at school with written authorization from a parent or guardian and, where applicable, a physician, in accordance with Board Policy 5330. Emergency medications (e.g., EpiPens, inhalers) must be provided directly to the school office in their original containers, accompanied by all required medical documentation.

6.3 Immunization Requirements

In accordance with Board Policy 5320 and state law (MCL 333.9201 et seq.), all students must provide documentation of up-to-date immunizations or an authorized waiver prior to enrollment or by the first day of school. Acceptable documentation includes an official immunization record, a physician-certified medical contraindication form, or a certified nonmedical waiver issued by the local health department following a vaccine education session. Students without proper documentation may not attend school until requirements are met. When providing health information to families in grades 6, 9, or 12, schools will also include information about the meningococcal and HPV vaccines.

6.4 Physical & Mental Well-being

Our school is committed to supporting the physical and mental wellness of every student. In alignment with Board Policy 8510, we provide age-appropriate opportunities for physical activity throughout the day, including physical education, recess, and movement-based classroom activities. Students are encouraged to develop healthy habits that support lifelong wellness, such as regular exercise, balanced nutrition, and responsible screen use. Our physical education program emphasizes fitness, motor skill development, teamwork, and a positive attitude toward physical activity. We also promote nutrition education and provide clean, safe eating environments with access to fresh drinking water. Families are vital partners in reinforcing these wellness habits

outside of school. Together, we aim to support the whole child physically, mentally, and emotionally.

To further support student wellness, we offer access to the School Assistance Program (SAP) through a partnership with Pine Rest Mental Health Services. This program provides free, confidential counseling with up to five sessions per episode of care for students and their household members. Counseling is available for a wide range of challenges including academic stress, anxiety, grief, and family transitions. In-the-moment phone support is available 24 hours a day, 7 days a week.

In addition to counseling, SAP offers families access to:

- Personal Advantage, an online library of articles and tools on health, wellness, legal, and financial topics.
- Wallet Wisdom, a financial wellness resource with calculators, webinars, and planning tools.
- Free consultations on elder care, financial planning, legal concerns, infant feeding, and real estate questions.

All SAP services are voluntary and confidential. The school is not notified when students or families use the program. Participation in SAP does not affect a student's school record or academic standing.

To access SAP,

- Call 800.442.0809
- press 1, and follow the prompts.
- When prompted, say: "I have a SAP with [Insert School Name]."

You can also visit www.pinerest.org/PAL and enter your school-specific username.

We encourage families to use this resource to promote mental well-being, strengthen family resilience, and support student success.

6.5 Concussion Awareness

In accordance with Michigan law, the Academy provides annual concussion awareness education to families of students participating in any school-sponsored athletic activity.

Before participating, students and their parent/guardian must review a concussion information sheet and sign an acknowledgment form. These forms are kept on file with the school. Coaches and school staff are trained to recognize concussion symptoms and follow proper return-to-play procedures.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

If your child is injured during a school activity, we are committed to their health and recovery and will follow all return-to-learn and return-to-play protocols.

6.6 Emergency Contacts / Child Information Card

Each year, families must complete and return an Emergency Medical Authorization Form and Child Information Record. These documents provide critical contact information and medical directives in the event of illness, injury, or emergency. It is the parent or guardian's responsibility to keep this information accurate and up to date throughout the school year. A copy of the form will be maintained in an accessible file in the school office. Staff accompanying students on off-site events, such as field trips, athletic events, and competitions, are required to carry these emergency forms. Please notify the school immediately of any changes in phone numbers, emergency contacts, or medical conditions. Failure to provide updated information may delay emergency care.

6.7 Student Accident Insurance

The Academy cares deeply about the safety and well-being of all students. At the start of each school year, families are given the option to enroll in a group student accident insurance plan offered through an outside provider. This insurance is voluntary and paid for by the parent or guardian.

Participation in certain school-sponsored athletic, co-curricular, or other higher-risk activities may require families to confirm that the student is covered under an existing insurance policy or to purchase supplemental accident insurance. A signed statement of coverage may be required before a student is allowed to participate in those activities.

Information about available student accident insurance options, including how to enroll, is available in the school office.

6.8 Pesticide Use & Prior Notification

The Academy utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

This notice has been provided in compliance with MCL324.8316. We are also required to notify you of your right to review the IPM Plan and IPM records. View the [Prior Notification Request form here](#).

6.9 Asbestos Management Plan

As per AHERA (40CFR 763.80) Rule, the Academy is required to notify all students, staff, guardians, outside contractors, and community members of the availability of the AHERA Management Plan for their inspection and review. A copy of this plan is available at the school office for your review during normal business hours or on the schools transparency website located on their school website. Periodic (6 month) inspections are performed by properly trained staff members. At this time there are no planned asbestos abatement activities for the upcoming year. Should the need for abatement arise, all building occupants and their guardians will be notified in writing in advance.

6.10 School Safety and Emergency Procedures

The Academy conducts regular emergency drills throughout the school year to prepare students and staff for fire, tornado, and lockdown situations. These drills are required by Michigan law and are designed to ensure everyone knows what to do in case of an emergency. A record of completed drills is posted publicly on the school's website in compliance with state requirements. Parents and guardians are encouraged to talk with their children about the importance of safety preparedness.

6.10.1 Standard Emergency Response Plan

To protect the safety of students and staff during emergencies, our school uses the Standard Response Protocol (SRP), a nationally recognized framework developed by the "I Love U Guys" Foundation. SRP is a clear, action-based emergency response model designed to equip schools with consistent terminology and procedures for addressing a range of incidents, including weather events, accidents, intruders, and hazardous conditions.

The SRP provides five specific directives that guide our response to different types of emergencies. These actions are easy to learn, simple to follow, and universally understood within the school community. They are reinforced through routine training and drills throughout the school year.

These five (5) actions are used when SRP is initiated:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

HOLD - In your classroom or area
Protocol used when hallways need to be kept clear of occupants.

SECURE - Get Inside. Lock Outside Doors
Protocol used to safeguard people within the building.

LOCKDOWN - Locks, Lights, Out of Sight
Protocol used to secure individual rooms and keep occupants quiet and in place.

EVACUATE - Evacuate may be followed by a location, and is used to move people from one location to a different location in or out of the building.

SHELTER - State the hazard and the safety strategy for group and self-protection.

All staff receive annual SRP and Emergency Operations Plan training. Students participate in required safety drills including lockdown, evacuation, and severe weather scenarios, in full compliance with state law and Board Policy. These efforts ensure that everyone on campus knows how to respond appropriately in various situations.

In the event of an emergency, families will be notified promptly through our automated messaging system by phone, text, and email as quickly as it is safe and practicable to do so. Should relocation or extended response procedures be necessary, instructions will be shared clearly and promptly. The SRP strengthens the school's overall emergency preparedness by providing a reliable and unified language and approach to safety for staff, students, and families.

6.10.2 Fire and Tornado Drills

Fire and tornado drills are regularly scheduled to educate students in safe practice in case of an emergency. The teacher will review rules of safety and evacuation routes with students. Evacuation routes and tornado watch locations are posted in each classroom and area of the Academy. The teacher or person responsible for a group of students will take attendance to determine the presence of all students who are in attendance on that day. Students and staff will return to class when the teacher is given approval via verbal or hand signaling by the School Leader or school secretary.

6.10.3 Tornado Emergencies

Students will not be dismissed from school when there is a tornado watch, warning, or actual tornado. During a tornado watch, students will remain inside the building in

designated areas, local radio stations will be monitored, and staff will take safety precautions. Students will be released to their parents or guardians, or designated adults as requested. During a tornado warning or tornado, all students and staff members will remain in the building. Everyone will take shelter in designated areas and will follow outlined safety precautions. Students may be detained beyond the usual dismissal time. Parents and guardians who have come to the school to pick up students are encouraged to stay at school until the tornado warning or tornado has passed and safe conditions prevail. Out of respect for parental responsibility for their children, a student will be released to parents and guardians only.

6.10.4 Lock Down Drills

In compliance with Michigan law and in partnership with local law enforcement, the school conducts a minimum of three (3) lockdown drills each school year to prepare students and staff for emergency situations that may involve an intruder or other threat to building security.

Lockdown drills are designed to practice procedures that help keep students and staff safe in the unlikely event of a real emergency. These drills focus on:

- Securing classroom doors and limiting visibility
- Remaining silent and out of sight
- Following directions from school personnel and first responders
- Practicing calm, orderly behavior under stress

Drills are age-appropriate and developmentally sensitive. Teachers are trained to communicate the seriousness of the drill while helping students feel safe and supported. Staff are encouraged to review and practice safety procedures in advance with students.

We understand that lockdown drills can be unsettling for some students. Teachers and support staff are available to answer questions and provide reassurance. If your child experiences anxiety related to safety drills, please contact the school so that additional support can be offered.

If a real lockdown occurs, parents and guardians will be notified as soon as it is safe to do so through official communication channels. In such events, parents and guardians should not attempt to enter the building or call staff directly. The safety and accountability of all students depend on uninterrupted emergency protocols.

7. Nutrition and Wellness

7.1 School Meals Program

Our school participates in the National School Lunch Program and School Breakfast Program which ensures access to nutritious meals for all students. Our schools participate in the Community Eligibility Program (CEP), which allows us to offer free meals to each student. All students will be offered a free breakfast at school. Children may bring a nutritious lunch daily, or receive a free school lunch. Your school will inform you on the process for ordering breakfast and lunch.

- Breakfast and lunch are available daily, free of charge to all enrolled students.
- A daily hot lunch program is offered to all students at the Academy from an outside food service.
- Menus are available in the front office and may be emailed.
- Students with food allergies or medical dietary restrictions must have a completed and physician-signed dietary accommodations form on file with the school office. Accommodations cannot be made without this documentation.
- Outside food deliveries (such as DoorDash, Uber Eats, or fast food) are not permitted for students during the school day, including lunchtime. This policy exists to support food safety and minimize classroom disruption.
- Meal times are structured to build student independence and foster respectful, community-centered behavior. Students are expected to clean up after themselves, practice good manners, and follow staff directions at all times.

Please contact the front office with any questions regarding meal service, accommodations, or application assistance. We are committed to ensuring all students have access to safe, healthy meals in a welcoming environment.

Nutrition is taught in each class, and we believe it should be reinforced in the child's home environment. Children should be encouraged to help pack their own lunch using food from the four major food groups, thus learning the importance of nutrition in their daily diet. Always keep in mind how big your child's appetite really is and pack accordingly.

Good nutrition is an important aspect of mental and physical well-being. We offer the following suggestions as a helpful guideline:

- Please pack a nutritious lunch which your child likes and will eat. This should include main course, drink, snack, and healthy dessert (whole grain muffin, fruit, yogurt).

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- We strongly suggest white milk, pure fruit juice or water as a beverage. Pop and high sugar energy drinks may not be sent to school.
- Offer a variety of dips and spreads for raw veggies, cheese spread for crackers or bread sticks. Children enjoy handling food.
- Keep sandwiches interesting by varying bread: white, wheat, pita, buns, bagels, and muffins. Try cutting sandwiches into interesting shapes.
- Try raw cucumbers, celery, cherry tomatoes, carrots, or green peppers.
- Try fresh, canned, or dried fruit: apples, bananas, plums, oranges, melon, berries, pineapple, raisins, apricots, fruit cocktail, etc.
- Please include napkin, silverware, paper plate, etc., daily.
- Use containers with tight lids so that leftovers can be sent home. This is your best judge to know if you are packing too much or sending items your child does not like.

Your child's name should appear on the inside and outside of their lunch box and thermos. All containers and utensils should be included and labeled. A cold pack should be put in the lunch box to keep items cold and healthy until eating time.

All suggestions are to benefit your child's health and safety, ensuring an enjoyable dining experience for everyone.

7.2 Snacks

The Academy is committed to promoting student wellness and supporting healthy eating habits during the school day. Students may bring a small, nutritious snack from home to eat during designated times. Snacks should be manageable in portion and promote focus and learning. Each classroom will establish a morning and afternoon snack window for an established length. Encourage small, healthy portions for student snacks. Water is the preferred beverage; non-carbonated drinks are permitted. Soda and energy drinks are not allowed. In accordance with Board Policy 8510, all food and beverages that are provided on campus during the school day, including those brought for classroom snacks, birthday treats, or holiday celebrations, must comply with the food and beverage standards approved by the Educational Service Provider. Students are not permitted to share food, as this helps protect students with food allergies and sensitivities. Families should follow any posted classroom allergy guidelines. If your child has food allergies or dietary restrictions, please notify the school and ensure this information is recorded on the Child Information Card. These practices help support a safe, healthy, and inclusive environment for all students.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

7.3 Birthday Snacks and Birthday Parties

We do not host birthday parties at school; however, families may provide a special snack to celebrate their child's birthday. We encourage healthy options whenever possible and ask that you speak with your child's teacher in advance about any birthday treats. To avoid hurt feelings, personal party invitations may only be distributed at school if the entire class is invited.

7.4 School Wellness Policy

The Academy promotes student health and wellness in accordance with Board Policy 8510 – School Wellness Policy. This Board-approved policy supports healthy eating, nutrition education, and regular physical activity through measurable goals and school-wide practices. All foods and beverages made available on campus during the school day, including classroom celebrations, must meet the nutrition standards established by the Board and aligned with USDA guidelines. The policy also encourages parent, guardian, and community participation in the development, implementation, and periodic review of wellness practices.

8. Arrival, Dismissal, and Transportation

8.1 Student Drop-off and Pick-up Procedures

The Academy's arrival and dismissal procedures are designed to ensure the safety and efficiency of student transitions to and from school each day. All students, parents, and staff are expected to follow the established guidelines, including designated drop-off and pick-up locations, traffic flow patterns, and supervision requirements. Families are responsible for ensuring that students arrive on time, prepared for learning, and are promptly picked up at the end of the day. Courteous and respectful behavior is expected from all individuals during these times to maintain a positive and orderly environment. Specific details regarding arrival and dismissal expectations, along with any disciplinary consequences for repeated violations, can be found in the Code of Student Conduct.

8.2 Early Dismissal and Vacation Requests

Early Dismissal Requests

The student may need to leave school during the school day. Students will only be released to parents and designated adults. In child custody situations, the custodial parent must properly inform the Principal of any limitations. Excessive early dismissals will be viewed similarly to tardies.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Vacations

The school discourages the practice of taking family vacations on school days or during times other than regular school vacation periods. If a student will be out of school for a family vacation, they will be responsible for making up any work upon returning. When you must schedule a family trip during Academy time, contact your Principal at least one (1) week in advance to discuss how your child will complete missed assignments. Time given for completion of make up work is (1) day for every day absent.

8.3 Transportation

Parents are responsible for transportation of their children to and from school if the school does not provide transportation. Parents dropping off or picking up their children are reminded to pay close attention to movement of students and vehicles in the parking area. The Handbook and Code of Conduct rules extend to the bus and any school sanctioned event on or off campus. Students are under the authority of the bus driver while they are on the bus. The driver is to enforce this Handbook and Code of Conduct and report all student behavior problems to the Principal who will be responsible for disciplinary action. Failure to follow this Handbook and Code of Conduct while on the bus may result in termination of the privilege of riding the school bus, in addition to other appropriate disciplinary actions.

9. Technology and Internet Use

9.1 Student Acceptable Use of Technology Policy

Students are encouraged to use the Academy's computers, network, devices, applications, and internet access for educational purposes under staff supervision. Students must complete a mandatory training session/program before using Academy Information & Technology Resources and/or being assigned a school email address, in accordance with [AG 7540.03](#) and [7540A](#). These tools support learning, creativity, communication, and research. Use of technology resources is a privilege, not a right, and students are expected to act responsibly, ethically, and legally at all times.

Unauthorized or inappropriate use, including violations of this policy, may result in loss of access, disciplinary action per the Student Handbook, and/or legal consequences. Before using Academy Information & Technology Resources or being issued a school

written notice is required for this opt-out. In such cases, the Academy will provide an alternative assignment that fulfills the same academic objectives, subject to teacher approval.

H. STUDENT APPEAL PROCESS

If a student feels that a technology restriction or disciplinary action is unfair:

1. Submit a written appeal to the School Leader within 5 school days of the incident. During the appeal, temporary supervised access may be granted at the discretion of the School Leader and must be documented in writing.
2. The School Leader will respond in writing within 10 school days.
3. If unresolved, the student may request a hearing with the Technology Committee, which will issue a final decision within 15 school days.
4. During the appeal, temporary supervised access may be granted unless it poses a safety or legal concern.

J. DECISION-MAKING PROCESS FOR PERMISSIBLE USE

- To ensure fairness and transparency, a standing Technology Committee will meet at least twice per year to review educational platforms and AI tools, recommend which tools are allowed, and address new digital trends and concerns.
- The committee uses clear criteria to evaluate tools, including compliance with [SOPPA](#), data privacy standards, educational value, safety, age-appropriateness, legality, and alignment with community standards.
- Appeals of committee decisions must be submitted within 10 school days to the school leader and will be reviewed by an independent panel with representatives from staff, parents, and administration.

9.3 COPPA Acknowledgment

In accordance with the Children's Online Privacy Protection Act (COPPA), the Academy does not permit websites or online applications to collect personal information from students under 13 without prior verifiable parental consent. Only COPPA-compliant digital platforms that have entered into school-approved agreements may be used with students in this age group. Parents and guardians may request a full list of approved operators and opt out of specific tools.

9.4 Student Cell Phone and Personal Communication Device Policy

Students may use the school office phone to call a parent or designated caregiver for school-related reasons, with permission from a staff member. Families are expected to arrange after-school transportation plans in advance to avoid students needing to call home at dismissal.

Across all grade levels, students may not use PCDs during the school day to record, photograph, or transmit audio, images, or video of other individuals unless specifically authorized by a teacher, administrator, or IEP team. Students who violate others' privacy may have their device confiscated, be required to delete the material in the presence of a parent, and face disciplinary action. If the violation involves potentially illegal activity, the device may be turned over to law enforcement. Furthermore, PCDs may not be used in any way that could reasonably be seen as harassing, threatening, embarrassing, or discriminatory. This includes accessing, creating, or transmitting obscene content or engaging in sexting. Such conduct will be subject to school discipline and, when required, will be reported to law enforcement and child protective services.

Students who bring personal communication devices (PCDs), including cell phones and smartwatches, to school do so at their own risk. The school is not responsible for lost, stolen, or damaged personal devices.

This policy aligns with Board Policy #5136. For more details, families may refer to the full board policy document.

10. Enrollment and Student Records

10.1 Enrollment and Re-enrollment Procedures

Families who do not submit completed enrollment paperwork by the stated deadline will forfeit their current seat. If seats become available after the enrollment period, they will be offered to waitlisted students in the order determined by the lottery. Any remaining seats will then be filled on a first-come, first-served basis.

10.2 Lottery Policy

If the number of applicants exceeds the available seats in any grade, a random lottery will be conducted to determine admission. In accordance with the school's Charter Contract and applicable law, priority will be given to designated applicant groups, such as currently enrolled students' siblings. The lottery will also establish the order of the waitlist.

10.3 Entry Age for Elementary

A child is eligible to enroll in kindergarten if he or she is at least five years of age on or before **September 1** of the school year of enrollment. A child becoming six years of age before December 1 must be enrolled in school on the first day of the school year in which the child's sixth birthday occurs or must satisfy one of the exceptions stated in law. A child must remain in school until their sixteenth birthday.

10.4 FERPA Rights and Student Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), parents and guardians and eligible students have the following rights:

- The right to inspect and review the student's education records maintained by the school.
- The right to request the amendment of records believed to be inaccurate or misleading.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except where FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with FERPA requirements.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

FERPA rights transfer from the parent to the student once the student turns 18 or enters a postsecondary institution (eligible student). Requests to inspect or amend records should be submitted in writing to the school administration

10.5 Protection of Pupil Rights Amendment (PPRA)

The Academy values transparency and respects the rights of families. Under the federal Protection of Pupil Rights Amendment (PPRA), parents and guardians and eligible students (18 years or older) have the right to:

- Inspect instructional materials and surveys before they are administered.
- Opt their child out of participation in surveys that include sensitive information, such as political beliefs, mental health, sexual behavior, illegal behavior, or family income (other than as required by law).
- Be notified of any physical exams or screenings not required by state law.
- Review and decline the sharing of student information with third-party marketers or surveyors.

Questions or concerns may be directed to the school office or school leader.

10.6 Directory Information and Opt-Out Form

According to Board Policy 8330, the Academy may disclose appropriately designated "directory information" without written consent unless the parent or adult student advises the School to the contrary by filling out, signing, and returning the Directory Information Opt-Out Form to the Academy. The primary purpose of directory information is to allow the School to include this information in certain school publications.

The following list of uses are those the Academy would commonly disclose a student's directory information.

Common Uses of Directory Information

- Playbill /Event Program
- Annual Yearbook
- Honor roll or other recognition
- Graduation Programs
- Sports and Activity Sheets
- Colleges or post-high school institutions

Directory information, generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or adult student's prior written consent. Two (2) Federal laws require the Board to provide military recruiters, upon request, with three (3) directory information categories, names, addresses, and telephone listings unless parents and guardians or adult students have

advised the Academy that they do not want their student's information disclosed without their prior written consent.

Directory Information

- Student's name
- Participation in officially recognized extra-curricular activities/sports
- Height and weight, if a member of an athletic team
- Date of graduation
- Achievement awards or honors received; honor rolls
- Scholarships
- Photographs or videos of students participating in school activities, events, or programs

The Board will make the above information available upon a legitimate request unless a parent, guardian, or adult student has opted out of the provision of this information by returning the Opt-Out Form to the School Office within 14 days of receipt. Directory information will not be provided to any organization for profit-making purposes. If you do not wish to opt out of any of the above common uses, you do not need to take any action.

11. Family Partnership

At the heart of our academy's success is a strong partnership between home and school. We believe that families are more than just supporters of their child's education; they are essential partners in shaping a thriving school community. When schools and families work together, students are more motivated, confident, and successful.

We invite and encourage every family to be actively engaged in their child's academic, social, and character development. Whether through volunteering, attending events, or participating in classroom and school-wide activities, your involvement makes a meaningful impact. Together, we create a culture where every child is known, supported, and inspired to reach their fullest potential.

11.1 Partnership in Responsibility Statement

The Code of Student Conduct is titled "Partnership in Responsibility" in anticipation of parents, students, teachers, administration, support staff, and the Board of Directors forging a strong bond on behalf of the children of the Academy. The Partnership is based on mutual respect, responsibility, and results. Families are encouraged to embrace the partnership philosophy and translate it into action.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

11.2 Parents' Rights and Responsibilities

At our academy, we believe in the foundational role families play in a child's education. We recognize that parents and guardians have a constitutionally protected right to direct the upbringing, education, and care of their children, and we strive to work in full partnership with families while upholding our responsibility to provide a safe, inclusive, and academically rigorous environment for every student.

Our school is committed to transparency, open communication, and meaningful collaboration with parents. We value feedback, encourage involvement, and expect that all interactions between families and staff remain courteous and constructive.

Families have the right:

- To know that their child is cared for in a safe, supportive environment.
- To access their children (unless prohibited by a court order).
- To review curriculum and request that their child be excused from instructional content that conflicts with their sincerely held religious beliefs, in accordance with applicable law.
- To receive timely communication about behavioral, health, safety, or academic concerns affecting their child.
- To access school staff during normal school hours, by appointment.
- To review teacher credentials in alignment with Board Policy 2261.02 BP.
- To review their child's educational records in accordance with FERPA (Family Educational Rights and Privacy Act).
- To participate in public comment at board meetings and engage in school governance as permitted by law.

Parents and Guardians Have the Responsibility To:

- Provide accurate and up-to-date emergency and contact information to the school.
- Notify the office promptly when their child will be absent or late.
- Follow school procedures for drop-off, pick-up, early dismissals, and other attendance-related matters.
- Cooperate with staff to support their child's academic, behavioral, and social-emotional development.
- Communicate respectfully with teachers, administrators, and school staff.
- Stay informed by reading school communications and reviewing school policies outlined in this handbook.
- Inform the school of significant changes at home (e.g., custody arrangements, family transitions, trauma) that may affect the student's behavior or wellbeing at school.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Model positive engagement by attending parent-teacher conferences, school events, and educational workshops when possible.

We ask all parents and guardians to view themselves as active partners in our school community. When home and school work together in trust and transparency, children thrive.

11.3 Helping Your Child Succeed

Parents and guardians play a critical role in a child's academic, emotional, and behavioral success. When families create consistent, supportive routines and maintain a positive attitude toward learning, students are more confident, motivated, and prepared to thrive.

To help contribute to a strong foundation for your child's success at school, consider the following:

- Begin each day calmly. A peaceful start helps your child feel ready to learn.
- Ensure adequate sleep. Well-rested students are more focused, emotionally regulated, and better equipped to meet academic challenges.
- Promote healthy eating habits. A balanced breakfast and nutritious meals support energy, mood, and brain function.
- Establish consistent routines at home. Predictable mealtimes, screen time limits, bedtimes, and dedicated study time create a secure environment and reduce stress.
- Support regular school attendance. Every day of instruction matters. If your child is healthy, send them to school ready to learn. If they are sick, allow them to rest and recover at home.
- Celebrate effort and growth. Praise your child's hard work, progress, and perseverance, not just high grades or outcomes.
- Stay in communication with teachers. Share information about family situations or changes that may affect your child's mood, focus, or behavior.
- Designate a home base for school materials. Create a special place for backpacks, school papers, and communication from teachers so nothing gets lost in the shuffle.
- Encourage daily reading. Read to your child, listen to them read, or talk about what they're reading independently. Model lifelong learning by reading for pleasure yourself.
- Promote independence. Teach your child to take responsibility for their belongings, complete tasks on their own, and ask for help when needed.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Practice school skills at home. Reinforce what your child is learning by reviewing concepts, playing educational games, or completing short review activities together.

Your encouragement, consistency, and involvement send a powerful message to your child that learning is valuable and worth the effort. A strong partnership between home and school lays the groundwork for lifelong success.

11.5 Volunteer Guidelines and Background Checks

The Academy relies on parents for active involvement in their child's education, growth, and development. It is the hope of the academy that all families will devote time to volunteer. Parents are children's first and most effective teachers and are encouraged to become active partners with their children's teachers. Research clearly reports that a student's success is closely tied to a significant adult in his or her life.

The Academy welcomes and encourages volunteers to support our school community. All volunteers must undergo a national background check conducted through Navigate360, the Academy's visitor management system. This check ensures individuals have not been charged with child abuse, neglect, or serious criminal offenses.

The Academy reserves the right to approve or deny volunteer service based on the results of the background check and the individual's fitness to work with children. Providing false or misleading information, or discrepancies between submitted information and background check results, may result in immediate denial or revocation of volunteer privileges.

All volunteers must sign in at the front office using Navigate360 upon arrival. A visitor badge will be printed and must be worn visibly at all times while on school grounds. Volunteers are expected to comply with all Academy policies and maintain confidentiality regarding any student information seen or heard during their service.

Volunteer opportunities may include tutoring, mentoring, classroom assistance, chaperoning, or speaking engagements. Parents, grandparents, and friends are invited to become involved. Please notify the school office if you are interested in volunteering.

To support student safety, volunteers should avoid using cell phones while working with students. Volunteers may not bring younger siblings to school or on field trips without prior approval from the School Leader.

In accordance with Board Policy 9150, the School Leader may deny or revoke visitor access if necessary to protect school safety or minimize disruption.

11.6 Parent Education Meetings

Parent education evenings will be scheduled throughout the year. Different topics will be discussed to give you the opportunity to learn more about the Academy. The Academy's parent and educator organization works together for the education and enrichment of the children. This is a voluntary organization that

holds monthly meetings. For more information on this organization, see the front office.

11.7 Visitors

The Academy welcomes parents, guardians, and approved guests to visit the school. All visitors must report directly to the front office upon arrival, present a valid photo ID if not known to staff, and sign in using the school's visitor management system. A visitor badge will be issued and must be worn visibly at all times while on school grounds.

Visits to classrooms or other instructional spaces must be pre-arranged with the teacher and approved by the School Leader to avoid disruption to learning. Visitors may not bring younger children during school hours without prior approval. Individuals who fail to follow visitor procedures or pose a safety concern may be denied access in accordance with Board Policy 9150.

11.8 Fundraising

Students may solicit only for Academy-sponsored activities. The Principal, or Board of Directors, when appropriate, must approve fundraisers in writing prior to announcement of fundraising activities, placing orders, or making commitments. Academy students are prohibited by Board Policy from door-to-door solicitation of any type in the community. There will be no exchange of money among students for any purpose unless authorized by the Principal.

12. Student Life and Conduct

12.1 School Wide Behavior - PBIS

Students at the Academy have the right to be treated with respect and dignity by both staff and classmates. All students should feel included and welcomed in school activities. Teachers guide students toward developing self-discipline, and staff act as coaches, helping students reflect on their choices and grow.

The Academy fosters a learning environment that values curiosity, independence, and respect for self, others, and the community. Students are encouraged to take ownership of their learning, make thoughtful choices, and engage meaningfully with the world

around them. Staff support students in developing habits of persistence, respectful communication, and active participation in both individual and collaborative work.

The Academy uses Positive Behavioral Interventions and Supports (PBIS) as a research-based, schoolwide framework to teach and reinforce positive behavior, much like academic subjects are taught. PBIS does not eliminate consequences or discipline. Instead, it ensures expectations are clear, consistently taught, and fairly applied so students understand how to meet them.

PBIS strengthens the school culture by:

- Providing clear behavior expectations across all settings
- Modeling and practicing these expectations regularly
- Teaching students what to do, not just what not to do
- Offering consistent consequences when rules are broken, ranging from redirection to formal discipline
- Supporting students with the tools to succeed before behaviors escalate

PBIS supports student accountability and protects learning time while creating a peaceful, respectful, and purposeful environment where all students can learn and thrive.

12.2 Detention, Suspension and Expulsion Procedures

MMAEC implements an after-school detention program to support student growth through reflection, accountability, and restorative practices. The purpose of detention is to help students recognize the impact of their actions, repair harm, and develop responsible decision-making skills. Detention may be assigned for behaviors such as repeated classroom disruptions, defiance, disrespect, physical aggression, inappropriate language, or misuse of technology or school property. Sessions are held on Mondays or Thursdays from 3:30–4:30 PM in the Eco Art Room, supervised by designated staff. Students participate in structured reflection activities, and restorative follow-up conversations occur the next school day to address the incident and establish goals for improvement. Parents or guardians are required to arrange transportation at 4:30 PM. The program emphasizes fairness, consistency, and restorative approaches to maintain a positive, respectful, and safe school environment.

Out of school suspensions and/or expulsions are levels of consequences that are administered to students who demonstrate insubordinate, disruptive, violent, disrespectful, or otherwise harmful behavior at school. Any student who has been suspended during the course of the school year may be ineligible to attend overnight field trips as a result. A student whose presence creates, or is likely to

[RETURN TO TABLE OF CONTENTS](#)

create, a specific threat or risk to the safety or well-being of the school community or any of its members will be suspended or expelled from school. The Code of Student Conduct clearly spells out the responsibilities of parents and students, appropriate and inappropriate behaviors, and consequences for unacceptable behaviors.

If a student's behaviors result in a discipline recommendation over 10 days suspension or expulsion, the school will consider the mitigating factors involved and consider using Restorative Practices as an alternative, or in addition to, suspension or expulsion. Please see the Code of Conduct for more information.

12.3 Restorative Practices

In compliance with Michigan law, the Academy uses restorative practices alongside PBIS and traditional discipline measures to build a school culture where students take responsibility for their actions, repair harm, and restore relationships. Restorative practices are not a replacement for consequences but a way to address the root causes of behavior and rebuild trust. Examples of restorative practices include:

- Reflective conversations
- Restorative circles
- Behavior agreements
- Mediated apologies
- Family or support team meetings

When appropriate, restorative strategies may be used before, during, or after a consequence such as detention or suspension. These strategies are not used in place of discipline when safety is compromised or laws are broken. Instead, they support long-term behavior change and help students return to the learning environment successfully.

This approach ensures accountability, fairness, and growth without lowering expectations for student behavior.

12.4 Seclusion and Restraint

The Academy complies with Michigan's policy prohibiting seclusion and restraint except in cases where a student's behavior poses an imminent risk to the safety of the student or others. All interventions used are in accordance with state law and staff are trained

annually in approved techniques. A written report will be provided to the student's parent or guardian if such an incident occurs.

12.5 OK2Say Student Safety Reporting

We are committed to creating a safe, supportive environment where every student feels protected, respected, and heard. OK2SAY is a confidential and secure program that allows students, staff, and community members to report threats or concerns related to school safety, bullying, self-harm, violence, and other troubling behaviors. It is a valuable tool that empowers individuals to speak up without fear of retaliation. By using OK2SAY, our school community helps identify and prevent issues before they escalate. All reports are taken seriously and addressed promptly in collaboration with school leadership and, when necessary, law enforcement or mental health professionals. In accordance with Michigan law, OK2SAY reporting information is available on the Academy's website and printed on the back of each student's school identification badge.

12.6 Threat Assessment and Management Policy

Our school uses the Michigan K-12 Behavioral Threat Assessment and Management (Mi-BTAM) model as part of a proactive and student-centered approach to promoting safety and well-being. BTAM is an evidence-based process designed to identify, assess, and manage threatening or concerning behaviors before they escalate. It is not a disciplinary tool or criminal investigation, but rather a compassionate intervention process focused on violence prevention and student support.

When behaviors arise that could pose a threat to school safety, a multidisciplinary team composed of school administrators, mental health professionals, special education staff, and others trained in BTAM protocols collaborates to assess the situation. The team uses a fact-based, case-specific process to gather information, evaluate concerns, and develop an individualized support and intervention plan that addresses both student needs and school safety. The process respects the rights of students under applicable laws, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and the Family Educational Rights and Privacy Act (FERPA).

In situations where a student with an Individualized Education Program (IEP) or Section 504 plan is involved, the BTAM team works closely with the student's special education team to ensure compliance with legal requirements and to develop supports tailored to the student's unique needs. The emphasis is on early identification and positive intervention, not punishment or exclusion. BTAM is not zero tolerance, profiling, or

adversarial in nature. It is a thoughtful, student-focused practice designed to foster a safe and inclusive school culture.

Parents and guardians are important partners in the BTAM process. If a student is involved in a threat assessment, families will be contacted and engaged in the process. The school is committed to handling all matters with discretion and respect, and to protecting the privacy of all involved while fulfilling its responsibility to maintain a safe school environment.

12.7 Mandatory Reporting of Child Abuse or Neglect

All staff members at the Academy are considered mandated reporters under Michigan's Child Protection Law. This means they are legally required to report any suspected abuse or neglect of a child to the Michigan Department of Health and Human Services. Reports are made to protect the safety and well-being of all students and are kept confidential to the extent allowed by law.

12.8 Playground and Lunchroom Behavior

Playground Behavior

Students are provided with the opportunity to engage in unstructured, open-ended, social interaction during recesses. Recess time is supervised by a classroom teacher who is responsible for student safety. Equipment appropriate for use at recess time is available through classroom teachers. Consult with your child's teacher to find out if equipment from home is appropriate for use on the school playground. Equipment brought to school should be appropriate for group activity and should be shared with other students. Equipment such as skateboards and scooters are not allowed at school.

Children are expected to maintain the same level of respect on the playground as in the classroom. Respect for self, others and materials is essential. Students who disregard this will lose the privilege of recess until the next day where they have a chance to make a different choice. Recess is an important part of the total curriculum. When recess is held outside, **ALL STUDENTS ARE EXPECTED TO GO OUTSIDE**. A student may be excused from recess for one day with a note from the parent/guardian. Extended excuses will be honored upon receipt of a physician's note. Parents are responsible to see that their child is dressed appropriately for the weather.

While on the playground, students are expected to:

- Use playground equipment and structures carefully

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Play within the designated areas and boundaries
- Share equipment and follow the rules of the game
- Leave all personal items at home that may be damaged or endanger the safety of others. (The building Principal is authorized to make judgments on these items)

Breakfast and Lunch Behavior

Breakfast and lunchtime provide students with another opportunity to practice social skills in an informally structured environment. During this time students are expected to: speak softly and be considerate of classmates, remain seated while eating, clean up after themselves, and be courteous to the people in charge.

Classroom Meal Time Rules

- Students are expected to follow the Code of Student Conduct.
- Students are expected to sit while eating.
- Students are to use quiet voices when conversing with other students.
- Students are expected to use good table manners and to clean up after eating.

12.9 Interrogations and Searches

12.9.1 Student Searches by School Staff and Privacy

In accordance with Board Policy 5771 and to maintain safety and order, school administrators may search student belongings when there is reasonable suspicion that a school rule or law has been violated. This includes cubbies, backpacks, bags, lockers, electronic devices, and vehicles on school property.

Students do not have a right to privacy in school-owned storage areas such as lockers or desks. These may be inspected at any time and are subject to routine checks.

Searches of a student's person or intimate belongings will only occur in exceptional circumstances, and must be conducted by a staff member of the same gender with another adult present, unless safety requires immediate action.

The school may coordinate with law enforcement to conduct canine searches of lockers or common areas if there is reasonable suspicion of illegal substances or dangerous items. These searches do not include individual students without consent or a warrant.

All searches will be done respectfully and privately, with written documentation maintained by the School Leader.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

12.9.2 Interrogations by Law Enforcement or Outside Agencies

The school has legal custody of students during the school day and at school-sponsored events. It is the responsibility of school leadership to protect students' rights during any interaction with law enforcement or outside agencies. When a student must be questioned at school by law enforcement or agency officials:

1. A school administrator or designee will be present during the interview. If no school representative is immediately available, questioning will be delayed until one can be present, unless there is an immediate safety concern.
2. The school will make every effort to notify a parent or guardian. This includes calling all emergency contact numbers, leaving voicemails when possible, and sending emails to all addresses on file. Unless there is an imminent threat, questioning will be delayed up to one hour to allow for parent response.
3. If the student is taken into custody, the school will request that law enforcement officials follow all applicable legal procedures, including informing the student of their rights.
4. As required by law, the school permits child protective services investigators (e.g., from the Department of Health and Human Services) to interview students without parent notification in cases of suspected abuse or neglect.

12.10 Prohibition of Harassment, Intimidation, Bullying, and Hazing

The Academy will not tolerate harassment, intimidation, bullying (including cyberbullying), or hazing of any kind. This applies on school grounds, during school-sponsored activities and events, and off-campus when the conduct disrupts the school environment.

The Academy adheres to Board Policy 5517.01: Prohibition of Harassment, Intimidation, and Bullying, which defines bullying and cyberbullying, outlines reporting and investigation procedures, and ensures education and discipline plans to prevent future incidents. Families are encouraged to review this policy, discuss it with their children, and report any observed or suspected incidents to school staff.

Hazing is strictly prohibited. Hazing includes any intentional, knowing, or reckless act that is directed against a student for the purpose of initiation into, affiliation with, holding office in, or maintaining membership in any group, team, or activity. This applies regardless of the student's willingness to participate. Hazing is a violation of Michigan law (MCL 750.411t) and may result in both school disciplinary action and referral to law enforcement.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Violations of this policy will result in appropriate disciplinary consequences, up to and including suspension or expulsion. Where applicable, behavior that violates state or federal law will also be reported to the appropriate authorities.

12.11 Non-Discrimination and Sexual Harassment

The Academy does not discriminate against applicants, employees, or students on the basis of race, color, religion, sexual orientation, gender, gender identity, disability, age, national origin, political belief, marital status, sex, age, height, or weight in its programs or activities. In addition, students and families who believe they have experienced discrimination based on race, color, or national origin may file a complaint under Title VI of the Civil Rights Act of 1964. Complaints may be submitted through the school's internal grievance process or directly to the Michigan Department of Education, Office of Civil Rights, or the U.S. Department of Education, Office for Civil Rights.

Sexual harassment will not be tolerated in Academy employment practices and/or educational programs or activities.

Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Age Discrimination Act of 1975, or any other federal or state regulations, may be directed to the School Leader, the Michigan Department of Education, or the Director of the Office of Civil Rights, U.S. Department of Education.

Sexual Harassment

The Academy is committed to providing a working and learning environment based on dignity and respect, free of harassment or intimidation. All those associated with the Academy are expected to foster a climate that is supportive, respectful, and conducive to teaching and learning. Title IX of the Education Amendments of 1972 (Title IX) and the Department of Education's implementing regulations prohibit discrimination based on sex in federally assisted education programs and activities.

"Sexual harassment is unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student can deny or limit, based on sex, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. Sexual harassment of students is, therefore, a form of sex discrimination prohibited by Title IX under the circumstances provided in this guidance" ("Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, U. S. Department of Education, Office for Civil Rights, January 2001).

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Sexual harassment is among the behaviors that are destructive to a positive working and learning climate, and as such is prohibited by state law, federal law, and school board policy. Any member of the school community who engages in sexual harassment as defined below will be in violation of this policy. The Employee Manual is explicit in its discussion of sexual harassment and consequences of inappropriate behavior by employees.

This policy encompasses behavior of adults towards adults or students, and students towards students or adults.

DEFINITION:

It is a violation of this policy when a person makes any sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejections of advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of benefits, privileges, employment or placement services or as a basis for the evaluation of academic achievement; or such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's education or career by creating an intimidating, hostile, humiliating or sexually offensive educational or employment environment.

Sexual harassment, as defined above, may include, but is not limited to, the following:

- Verbal or written harassment or abuse,
- Pressure for sexual activity,
- Repeated remarks to a person with sexual or demeaning implications,
- Unwelcome touching,
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats including, but not limited to, one's grades, and job.
- Display of lewd or sexually explicit materials, inappropriate jokes, or language of a sexual nature.

RESPONSIBILITIES:

All persons associated with the Academy are responsible for:

1. Ensuring that his/her behavior does not sexually harass any other person associated with the schools.
2. Reporting any observed or experienced harassment or mistreatment immediately to the Sexual Harassment Grievance Officer and cooperating fully in the investigation of alleged sexual harassment; and
3. Actively participating in the Academy's effort to prevent sexual harassment in the schools.

Retaliation of any form, including threats, intimidation, reprisal or harassment, towards any person who makes a sexual harassment complaint, or who assists in or participates in an investigation, proceeding, or hearing is unlawful and will not be tolerated and can be considered grounds for dismissal of staff and/or removal of a student from school.

FALSE REPORTS:

False (fabricated) claims of sexual harassment can cause permanent damage to the victim of such claims and must therefore be treated as a very serious matter. A false claim may be considered grounds for dismissal of staff, or discipline including the removal from the educational setting for a student, who makes a false claim.

CONFIDENTIALITY:

Reports and complaints of sexual harassment will be kept as confidential as possible consistent with the rights of all parties.

SEXUAL HARASSMENT GRIEVANCE OFFICER:

The Board of Directors has appointed the Chief Administrative Officer, or their designee, as the Grievance Officer who will be responsible for processing all sexual harassment complaints in accordance with the procedure outlined below.

COMPLAINT PROCEDURES:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, the victim should make clear to the harasser that the behavior is offensive and must stop. If the victim is uncomfortable in addressing the harasser they should be made to feel comfortable talking to a trusted adult or a member of the school leadership team. If the harasser does not stop the behavior or the victim is uncomfortable confronting the harasser, or if the behavior warrants further action in the opinion of the victim, the victim should lodge a complaint with the School Leader/Title IX officer/contact.
2. Upon receipt of a written formal complaint submitted by the complainant, their parent or guardian, or signed by the Title IX Coordinator, the school will initiate the Title IX grievance procedure in accordance with 34 CFR §106.45. The respondent is presumed not responsible for the alleged conduct until a final determination is made following a thorough and impartial investigation. The complaint should be as specific as possible, including names, dates, times, places, witnesses, and specific words or actions which were experienced as offensive. In cases involving students, the student's parents and guardians will be notified immediately of the

complaint, the steps to be followed, and the ways in which they will be involved in the process.

3. All complaints of sexual harassment will be promptly investigated. Depending on the circumstances, the investigation may encompass any or all of the following:
 - a. The alleged victim may write a letter to the alleged harasser describing the offensive behavior, the circumstances under which it took place, the way the behavior made the victim feel, and requesting that the harasser apologize and promise not to repeat the behavior. The School Leader/Title IX officer or assigned investigator will then meet with the alleged harasser, hear the harasser's account of the situation, present the victim's letter, and discuss the matter.
 - b. Where appropriate in the opinion of the School Leader/Title IX officer or assigned investigator a meeting will be held between the alleged victim and the alleged harasser to clarify the facts and to attempt to mediate a resolution.
 - c. The School Leader/Title IX officer or assigned investigator may interview all parties and witnesses to the alleged harassment.
4. In cases of alleged student harassers, the School Leader/Title IX officer or assigned investigator will determine if these facts constitute harassment. Disciplinary consequences such as detention, suspension, or expulsion consistent with school rules may be implemented. In cases of alleged adult harassers, the School Leader/Title IX officer or assigned investigator will report the facts of the alleged harassment and will determine if these facts constitute harassment. The School Leader/Title IX officer or assigned investigator will recommend to the Board of Directors appropriate action, which could include disciplinary action up to and including termination of employment by Choice Schools Associates, LLC.
5. If disciplinary steps are taken, copies of the reports of facts and the written decision will go to the harasser, the personnel file in cases of adult harassers, and to the parents and guardians in cases of student harassers. The victim, and his or her parents, if the victim is a student, will also be informed of the determination as to whether harassment occurred.
6. Repeated or extreme forms of harassment, violence, or civil rights infringements will result in a recommendation for expulsion or termination from the Academy.

The School Leader/Title IX officer or assigned investigator will make complete records of all sexual complaints, facts, steps taken, determinations, and resolutions, and those records will be securely maintained in the School Leader's office for a minimum of seven years, or longer if required due to ongoing litigation, appeals, or state/federal audit requirements.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

The Academy follows a Title IX grievance procedure consistent with 34 CFR §106.45. This includes a clear standard of evidence (preponderance of the evidence), offering supportive measures regardless of whether a formal complaint is filed, and ensuring equitable treatment of complainants and respondents. In accordance with Title IX regulations, K–12 schools are not required to hold live hearings as part of the grievance process. Instead, a trained, impartial decision-maker will objectively review all evidence gathered during the investigation and make a final determination based on the preponderance of the evidence standard. Both parties will have equal opportunity to submit and review relevant documentation and to appeal the final outcome.

The school does not presume the respondent responsible prior to the conclusion of the investigation.

STATE and FEDERAL REMEDIES:

In addition to the above, if someone believes he/she has been subjected to sexual harassment, he/she may file a formal complaint with either or both governing agencies set forth below. The complaint process does not prohibit filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days: MCAD - 6 months).

1. The United States Equal Employment Opportunity Commission (EEOC)
2. State of Michigan

12.12 Title VI Non-Discrimination Policy

In accordance with Title VI of the Civil Rights Act of 1964, the Academy does not discriminate on the basis of race, color, or national origin in the administration of its educational programs or activities, including those that receive federal financial assistance.

Any student or parent/guardian who believes they have been subject to discrimination under Title VI may contact the School Leader or designated Title VI Coordinator to file a concern or complaint. The Academy will respond promptly and equitably to all reports.

12.13 Tobacco/Smoke-Free School Zone Policy

In accordance with Michigan law and the Michigan Clean Indoor Air Act, the use or possession of tobacco products, including smokeless tobacco, electronic cigarettes (e-cigarettes, vapes), and any nicotine-delivery device, is strictly prohibited at all times

This policy applies to all individuals: students, staff, volunteers, and visitors. Violations by students will result in disciplinary consequences as outlined in the Code of Conduct. Violations by staff or visitors may result in removal from the premises and referral to appropriate authorities.

12.14 Drug and Alcohol Use Policy

The use, possession, distribution, sale, manufacture, or being under the influence of illegal drugs, controlled substances, look-alike substances, drug paraphernalia, or alcoholic beverages is strictly prohibited on school property, during school hours, and at any school-sponsored event or activity, whether on or off campus.

Violation of this policy will result in disciplinary action, which may include suspension or expulsion, as well as notification to law enforcement and parents or guardians. The school retains the right to require medical evaluation or drug testing when there is reasonable suspicion of substance use.

In accordance with Michigan law and school board policy, students may be referred for educational or rehabilitative services when appropriate.

12.15 Weapons and Dangerous Objects Policy

In accordance with the federal Gun-Free Schools Act and Michigan state law, students shall not possess, use, transport, handle, or conceal any dangerous weapons or look-alike weapons on school property, in school vehicles, or at school-related functions.

A dangerous weapon includes, but is not limited to: firearms, knives, stun guns, explosives, air guns, and martial arts weapons. “Look-alike” weapons that appear to be real or are used in a threatening manner will be treated as actual weapons.

Possession of a firearm on school property, in a school vehicle, or at a school-sponsored event will result in a mandatory expulsion of at least one school year, as required under the Gun-Free Schools Act and MCL 380.1311. The expulsion may be modified by the Board of Directors on a case-by-case basis. All dangerous weapon incidents will be reported to law enforcement in accordance with MCL 380.1313.

This policy applies to all students and is enforced without exception.

“A Partnership in Responsibility”

Revised August 2025

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Introduction

Character Education Code of Student Conduct

The Code of Student Conduct provides behavior guidelines for development of good social skills, students as responsible citizens, and accelerated learning school culture. All stakeholders—students, parents, administration, faculty, and support staff—enter a partnership in responsibility to build positive character in our students that prepares them for college, work, military, parenthood, and community service.

Our Character Choices program empowers students with the knowledge, skills, attitudes, and opportunities to become responsible members of the home, school, and community. The nine character traits are the following:

- Respect
- Responsibility
- Cooperation
- Compassion Good
- Judgment Integrity
- Perseverance
- Courage
- Citizenship

The nine character traits represent values of responsible citizenship and empower students with the discipline to be lifelong learners and enlightened citizens in a diverse society.

Everyone has rights and responsibilities. The Code of Student Conduct attempts to preserve individual rights in the school community and deliver academic excellence in a safe, emotionally secure community of learners. Diversity is our strength, and we pursue productive classrooms where all students find meaning, dignity, and sense of community.

The overarching goal of the Code of Student Conduct is to teach students self-discipline and good social skills. We want to keep students in school. Our Positive Discipline Support Plan provides a framework for progressive and constructive discipline practices and in-school interventions for minor misbehaviors. Out of school suspension is reserved for serious infractions of the Code of Student Conduct.

Parents are our most valuable partners. We seek your cooperation and participation in the ongoing development of your child's academic knowledge, skills, and attitudes and social skills. We encourage you to read and review the Code of Student Conduct with your child and encourage acceptable behavior at school.

SECTION A: A PARTNERSHIP IN RESPONSIBILITY

The Academy is committed to respect for the rights of others. Rules governing discipline and conduct are written so that parents, students, teachers, and the Principal know what is expected of students. By working together under clearly stated and consistently enforced regulations, we can administer firm, fair and consistent discipline practices as called for by the US Department of Justice.

Parents, teachers, staff, the Principal, and the Board of Directors are responsible for helping students develop self-discipline and learn social skills required for work and college. The Code of Student Conduct delineates the partnership that the school and the larger-community share across several broad concepts.

Environment, which includes the climate of the school.

Education, which includes preparation and work habits.

Respect, which includes treatment of others.

Participation, which includes involvement in school activities; and

Expression, which includes dress and verbal and nonverbal issues.

These broad concepts appear in each statement of responsibilities contained in this handbook.

Beliefs

The following beliefs guided the development of the Code of Student Conduct:

1. That schools must be safe and secure for students and staff.
2. That students have rights and responsibilities in the learning environment.
3. That the school is for instruction and learning, and anything that distracts from the learning process must be dealt with by the Principal, faculty, and staff within progressive and positive discipline practices.
4. That students and their parents should be knowledgeable of school and classroom rules.
5. That students have a responsibility to exercise self-control over their own behavior and that teachers and support staff have the responsibility to teach students good social skills and acceptable behaviors.
6. That the responsibility for discipline is shared among students, school personnel, the Board of Directors, and parents.
7. That the school respects differences in discipline practices at home as

[RETURN TO TABLE OF CONTENTS](#)

- long as they are within parameters of the law.
8. That students, who violate school and classroom rules, must be afforded their rights to due process, which are procedurally, morally, and legally fair and correct.
 9. That students, when they violate school and classroom rules, should be assigned corrective measures with the purpose of teaching good social behaviors.
 10. That disciplinary measures should be progressive, corrective, and preventive, unless the safety of students is an issue.
 11. That disciplinary measures should be firm, consistent, and fair.
 12. That the disciplinary measures of the school should be a problem-solving process and should focus on the causes of the infraction and learning acceptable behaviors.
 13. That the assigning of disciplinary measures should be reasonable.
 14. That students, who commit criminal acts, should be administered measures that are severe and swift when the safety of the general school population is at issue.

School Jurisdiction

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds during, before, and after school hours.
2. On school sponsored transportation for all school-related activities and the regular school day.
3. On the school grounds, as either a spectator or a participant at any other time when a school group is using the school.
4. Off the school grounds at any school-related activity, function, or event as a participant or a spectator.

Student Expression

The Principal will maintain open channels of communication through which students may express their individual or group concerns and suggestions that will be formally and informally deliberated.

We sincerely believe that continued recognition of students' rights and responsibilities will develop within our youth a student philosophy that will nurture their internal strengths, will deter the influence, and spread of degrading attitudes, and will perpetuate the American ideal of a responsible, democratic system of government.

SECTION C: GUIDELINES FOR STUDENT BEHAVIOR

Principalship, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that the Academy is in session. Students are expected to be at school every possible day because they miss valuable instructional time and fall behind in their studies.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

It is the parent/guardian's responsibility to get their child to school.
Missing just five days of school means 30 hours of missed instruction.
Starting in kindergarten, there is a direct link between absences and reading level.
One in ten kindergarten and first grade students is chronically absent.
Students who are chronically absent are 7.5 times more likely to drop out of high school.

What can you do?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Do not let your child stay home unless he or she is really sick. A stomachache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.
- Talk to your teacher or Principal if you need additional help or resources

Parents are asked to call the school office to notify the school of their child's absence or to leave a message on the answering machine whenever their child will be absent from school. Parents are encouraged to notify the office manager prior to 9:00 AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Excused absences may be granted for the following reasons:

- a. Illness of the student. The Principal may require a doctor's statement. A doctor's statement of illness must be presented if a student is absent more than three consecutive days or more than ten absences during a semester.
- b. Illness in the immediate family, which requires absence of the student from school.

- c. Death in the immediate family (should not exceed five days).
- d. Recovery from an accident.
- e. Required court appearance. Parents are asked to notify the school in advance.
- f. Professional appointments. Parents need to notify the school in advance of the appointment and are encouraged to have the child return to school after the appointment.
- g. Religious holidays regularly observed by persons of the student's faith, provided the parent has given written notice in advance of the absence.
- h. Absences for other reasons as approved by the Principal upon request of the parent.

Upon return to school, a student is to check with his or her teacher(s) to schedule make-up work.

When a student accumulates 15 absences, the parents will attend a mandatory meeting with the Principal. This meeting will determine the course of action that will be taken, which may include the development of an attendance contract, an absenteeism report submitted to the truancy officer, possible withdrawal from the school, and possible petition to the juvenile court. If the family chooses not to participate in the meeting, or the student does not uphold the attendance contract, an absenteeism report will be submitted to the county truancy officer. Students who are chronically absent may be recommended for retention.

When a student is absent from school for ten consecutive days without knowledge of the Principal will be withdrawn from the Academy and the student's directory information will be reported to the truancy officer of the intermediate school district and other state and local agencies. The Principal will attempt to make contact with the student's parent/caretaker during the period of consecutive absences.

Student Arrival and Dismissal

Arrival and dismissal of students will be supervised by staff. Student drop-off prior to school start is 8:35 am (when doors are open) and student pick-up is at 3:30 pm dismissal. Parents are asked to pull around to staff member at the far end of the parking lot and give the name of student(s) and parent name to pick up student(s). If you need to enter the building, you may park in the designated parking area. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker and approved by the Principal immediately after school or report to after school childcare (when available). Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after the school day begins for all students. Teachers are expected to begin opening exercises promptly and transition smoothly

into instruction. A parent should accompany a tardy student to the office and sign the student in at the front desk. The Principal, or his/her designee, will provide the student with a tardy pass to admit him or her to the class that is in session at the time.

A student who is tardy three times will receive a warning letter sent home to the parents for the parent's signature. If a student receives 6 unexcused tardies, an attendance intervention plan will be developed with the student, parent, and Principal. Tardy students interrupt learning for other students.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

- 1) Serious illness (accompanied by a parent's note or written doctor's notice)
- 2) Death in the family
- 3) Legally required presence at a court proceeding
- 4) School sponsored co-curricular and extra-curricular activities
- 5) Religious observations
- 6) Severe weather, fires, family tragedies
- 7) Pre-arranged late arrival approved by the Principal

Early Dismissal

The student may need to leave school during the school day. Students will only be released to parents and adults designated by the parent/caretaker and approved by the Principal. In child custody situations, the custodial parent must properly inform the Principal of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others, nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

1. Material that reasonably leads the Principal or teacher to forecast

- substantial disruption of, or interference with, school activities or that endangers the health or safety of students.
2. Material that is libelous or slanderous - statements that are inaccurate or false statements that injure the person as to his or her reputation, cause personal humiliation, mental anguish, and suffering or other injuries.
 3. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Michigan, the County, or the City of residence.
 4. Material that is obscene as defined in the Michigan School Code, as amended.
 5. Material, communications, and or actions that are considered to be bullying as defined in the Michigan School Code, as amended, and in Board Policy and administrative guidelines.

Distribution of Literature by Students and Nonstudents

The Principal or his/her designee shall coordinate distribution or display of literature by students enrolled in the school. The material must be approved by the Principal, must not be in violation of applicable Board of Directors Policy, and must bear the name of the sponsoring individuals or school organizations.

Search and Seizure

Desks, lockers, and storage spaces, which are provided to students without charge, are the property of the school. The Principal or designee may make general inspections on a periodic basis and may open desks, lockers, or storage spaces in the presence of a witness and examine the contents, including personal belongings of students, when there are reasonable grounds to believe that they contain illegal drugs, contraband, weapons, or stolen property, or that the student has violated or is violating state or federal laws, City Codes, or Policies of the Board of Directors, provided the search is conducted primarily for enforcing order and discipline in the school and not for criminal prosecution. The Principal may also, to the full extent permitted by law and Board Policies, search and seize students and their personal effects. Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of the student's parents or turned over to the Police, and only in exceptional circumstances, when the health or safety of the student or of others is immediately threatened. Reasonable efforts to locate the student shall be made prior to the search. If the student is present, the school official shall advise him/her of the circumstances justifying the search and seizure of the objects that the official believes the search may disclose. If the student is not present, he or she shall be informed of the search. Stolen items and items that are specifically prohibited by federal and state law, Board of Directors Policies, regulations of the County and City and or school administrative guidelines may be impounded. The student shall be given a receipt for any items impounded by school authorities, and parents shall be notified of any items impounded.

Prohibition of Harassment, Intimidation, and Bullying (cyberspace as well)

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, in a school-related vehicle, at school-sponsored events, or using telecommunications access device or a telecommunications service provider under control or ownership of the Academy. Bullying and cyberbullying that do not occur at school but cause a substantial disruption to the educational environment may be subject to disciplinary action according to Board Policy (Attached).

Bullying means any written, verbal, or physical act, or any electronic communication, including but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly. Cyberbullying means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly. Any reference to bullying includes cyberbullying.

The Academy Board’s revised anti-bullying policy is provided in addition to Student Code of Conduct. You are encouraged to read the policy, understand that it is based upon law, and encourage your child to refrain from bullying activities/ and report incidents that they observe at school.

Every student is called upon to report any situation the he or she believes to be bullying behavior directed toward a student or an employee. Employees are required to report bullying behavior to the Principal.

Anti-Bullying Policy

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors, and volunteers, is prohibited. All pupils are protected under this policy and, bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definition of Bullying

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the ESP. Complaints against the ESP shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The ESP or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Academy may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their

completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals. The Principal is the school official responsible for ensuring that this policy is implemented.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The Principal, or the Principal's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

Notification

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department. As required by state statute, the Academy's procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

SECTION D: DISCIPLINARY ACTION

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When

[RETURN TO TABLE OF CONTENTS](#)

self-control falters and self-discipline fails, disciplinary action will be used to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The Principal will carry out a positive behavior intervention program to help children and families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness. Positive discipline can be a powerful tool for teaching students to succeed. Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion is considered, the Academy shall consider the following factors:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

Restorative Practices

If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members

of the school community, and supporters of the victim and the offender (the “restorative practices team”); and

- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Exclusion by Michigan Law

For students in grades 6 and above, Michigan law requires the Board of Directors to remove a student who possesses a dangerous weapon, unless the student meets an exception in the law, commits arson, criminal sexual conduct, physical assault against a school employee or volunteer, physical assault against another student, bomb threat or similar threat.

The law provides a process for parents/guardians to petition the Board for reinstatement of the student. The Principal will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code. The purpose of disciplinary decisions is to develop self-discipline and social skills required for success in college and work. The positive discipline system is based on behavior intervention supports. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that deter teaching and learning.

If a student feels unsafe or threatened, the student or the student’s parent/guardian is encouraged to contact the Principal immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction. Educators must prioritize keeping students engaged in meaningful learning.

Various types of student misconduct are listed. The list is not all-inclusive, and a student who commits an act of misconduct not listed is still subject to disciplinary action.

Discipline Procedures

At all times when students are under school jurisdiction, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions

Disruptive student behavior is subject to disciplinary action by the teacher and/or Principal. Principal and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention conflict resolution, peer mediation, anger management, anger prevention, and social skills. Community based services may be called upon when appropriate.

Actions taken by teachers may include but are not limited to:

1. Daily/weekly progress reports for students and parents
2. Time out in the classroom or other secure, supervised area
3. Conference with the student
4. Oral and/or written reprimand
5. Conference with a parent
6. Consultation with a behavior interventionist
7. Denial of participation in school activities
8. Give students a choice of consequences
9. One-day suspension until satisfactory conference with a parent is held.

A discipline referral will be sent to the Principal when the teacher has exhausted in-classroom actions and feels that the student's improper behavior cannot be corrected through classroom management practices without sacrificing safety and/or learning for other students.

After consultation with the student and the teacher (if needed), the Principal will determine the course of action required to provide a safe, secure school. Action taken by a Principal toward students who are disruptive may include but is not limited to:

1. A conference with the student and/or the parents
2. A verbal and/or written reprimand
3. Consultation with behavior interventionist, social worker, and outside agencies
4. Entering into Positive Behavior Support Plan (PBSP) between student, parent, and Principal
5. Academy appointed advisor to cooperate with parent/guardian to ensure follow-through of PBSP
6. Out-of-school suspension (OSS) (up to five days and up to ten days with approval of the Principal's supervisor);
7. Recommendation for long-term suspension (more than ten days) with approval of the Principal's supervisor and Board of Directors

8. Recommendation for expulsion with approval of the Principal's supervisor and Board of Directors.

Corporal punishment is prohibited by Michigan law and is not to be used in any situation.

Incorrigible Behavior: A child is incorrigible when the child repeatedly or habitually engages in unacceptable behavior as defined in the Code of Student Conduct and disrupts the school and or classroom to the extent that the Principal's and or teacher's authority is being challenged. Incorrigible behavior, and other patterns of behavior, may result in long-term suspension (more than ten school days) of a student from the Academy. Parents and adult caregivers enter a partnership in responsibility with the Board of Directors to cooperate with the Principal, faculty, and staff to demonstrate responsible behavior in situations involving their child. The Principal and faculty expect parents/caretakers to share responsibility for each student's responsible actions, academically and behaviorally and to enter a partnership in responsibility.

Patterns of Behavior:

1. Parents send and do not support their children at school.
 - a. Parent's low expectations: academic and behavior
 - b. Parent's reluctant to take responsibility for their own actions
 - c. Parent's bad-mouthing school and staff
 - d. Parent's being disrespectful to staff
 - e. Parent's failure to check in properly, disruption of classrooms, and assaulting employees
 - f. Parent's not volunteering and not having school's interests at heart
 - g. Failure of parents to cooperate with school in behavior improvement plan
2. Students not accepting academic responsibility for being on grade level

- and above.
3. Student failure to attend school responsibly (absences, tardies, and not responsible).
 4. Student discipline problems.
 - a. Bringing community issues to school and trying to solve them at school.
 - b. Students having low expectations: academic and behavior.
 - c. Students reluctant to take responsibility for their own actions.
 - d. Students talking back to teachers.
 - e. Rude, disrespectful behavior that escalates into overly aggressive behavior.
 - f. Not following teacher directions.
 - g. Leaving classroom without teacher's permission.
 - h. Lying about situations.
 5. Attitude of Learned Helplessness.

Definitions. Out-of-school suspensions are considered in the following classifications:

- **Short-Term:** Short-term suspensions occur when a student is suspended for one school day, up to and including five school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. The child's teacher may suspend him or her for one day or until a parent comes to school and holds a satisfactory conference with the teacher. The Principal can suspend a student for up to five days and for up to ten days with approval of the Principal's supervisor. One-day suspensions by the teacher can be appealed to the Principal.

The Principal or designee must provide the student and the parent/guardian with oral or written notice of the misbehavior and an explanation of the situation. The parent shall be notified in writing of the action taken.

- **Long-Term:** A student can be suspended for more than ten days following approval of the Principal's recommendation by the Board of Directors or its appointed representative. Long Term Suspension from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board.
- **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the Principal or his/her designee. Expulsion from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board.

 4. List of all witnesses that may testify
 5. The right to an adult advocate, including parents, other adult advisors up to and including legal counsel, Copy of Board Policy 5610 Emergency Removal, Suspension and Expulsion of Students, including discipline hearing processes and appeal procedures.

Subsequently, the Principal will follow-up with the student and his or her parent or guardian of the time, place, and location of the hearing with the Board of Directors or its designee to ensure delivery of the notice and to respond to questions.

Students with Disabilities. Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the Principal are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. Principal is responsible for consistency with specific special education procedures.

Principal may recommend a student with disabilities for long-term suspension or expulsion (greater than ten days) by following these procedures:

1. The Principal will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the Principal has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
 - (1) if the student is eligible for special education services
 - (2) if the student is appropriately placed in a special education program; and
 - (3) if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent will be notified in writing of the time and place of the hearing and its purpose.

Appeal Procedures

In-school Disciplinary Actions

Should a parent disagree with disciplinary action of the school other than out-of-school suspensions or expulsions, the parent may appeal the decision as follows:

1. Appeals should be made to the Principal by arranging an appointment or by writing to the Principal.
2. If the parent is dissatisfied with the result of the appeal to the Principal, the parent may appeal to the Principal's supervisor. Appeals must be filed, in writing, within three school days of receipt by the parent of the Principal's notice of disciplinary action. The Principal's Supervisor's decision is final.

Out-of-School Suspension (five days or fewer)

Should the parent disagree with a suspension of five days or fewer, the parent may appeal the decision of the Principal as follows:

1. Appeal requests must be made in writing by the parent to the Principal. Such written requests must be filed with the Principal within three school days of the notice of suspension or the right to review and appeal is waived.
2. If the parent is dissatisfied with the Principal's decision, he or she may appeal the decision to the Principal's supervisor. Such written requests must be filed with the Principal within three school days or the right to review and appeal is waived. The Principal's Supervisor's decision is final.

In cases of immediate appeal, if the Principal determines that the student's presence at school does not create a continuing danger to persons or property or an ongoing threat of disruption, the student may be allowed to continue in school on a regular basis until the appeal is considered. A favorable decision will allow the student to continue in school, whereas a decision supporting the Principal will require the student to serve the full suspension beginning the next school day after receiving notice of the decision. In situations where the student is excluded during the appeal process and the appeal is ultimately favorable to the student, opportunity will be provided for the completion of make-up assignments.

Long-Term Suspensions (more than five and up to ten days)

A student may be suspended for more than five school days and up to ten school days with approval of the Principal's supervisor. The same appeal procedures for Short Term Suspensions apply to suspensions of more than five and up to ten school days, with the exception that if the parent is dissatisfied with the decision of the Principal's supervisor, he or she may appeal the decision to the Board of Directors by filing a written request of appeal within five school days or the right to further appeal is waived.

Expulsions and Long-Term Suspensions (more than ten days)

Long-term suspension of more than ten days and expulsion occur when the Board of Directors terminates the student's rights and privileges to attend school, including

extra-curricular and co-curricular activities. Long-term suspension is for a specific period of time, while expulsion is for an indefinite period of time. Reinstatement processes are outlined in Board Policy.

Following the Principal's recommendation for long term suspension of more than ten days or expulsion, the Board of Directors, or its designated representative, will hold a hearing within the ten days suspension period to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian must be notified of the allegation, the recommended disciplinary action, the time, date, and location of the hearing, and of their right to attend and participate in the hearing. Prior to the hearing, families will be given an opportunity to review all evidence as well as a list of all persons scheduled to testify.

Following a hearing, should the parent disagree with the Board designee's decision to suspend a student for more than ten school days, the parent may appeal the decision to the Board of Directors as follows:

Appeal requests must be made in writing by the parents to the Principal within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the representative's decision shall be in writing and contain the reason the designee's decision should be reviewed or reconsidered. The designee may be an individual or a discipline committee of two Board members.

The parent/guardian of the student may petition the Board of Directors to request the student's reinstatement to schools, as permitted by law. Within ten school days, the Board must appoint a committee to review the petition and any supporting information provided by the petitioner. The committee has ten days to review the petition, including documents provided by the petitioner and Principal, and submit a recommendation to the Board of Directors.

All appeals of decisions by Board designated representatives to the Board Appointed Discipline Committees shall be considered by the Board of Directors at its next regularly scheduled meeting. The Board must decide to reinstate the student, to reinstate the student conditionally, or to deny reinstatement.
